Subject: Plan Holders List for Digital Projects

NOTICE TO CONTRACTORS:

As a result of providing project plans and specifications electronically via the Department's FTP site, the Contracts Unit can not maintain a list of plan holders for digital projects. In response to requests for a list of plan holders on digitally designed projects, we have created a process for interested parties to identify themselves as having downloaded the plans and specifications from the Department's FTP site.

Interested parties should provide their company information in the format below and email it to the DOT Contracts mailbox at dotcontracts@ct.gov. The Contracts Unit will then maintain the list of plan holders on the DOT Contracts website.

DOT PROJECT #	CONTRACTOR/COMPANY NAME	TOWN / STATE	E-MAIL ADDRESS

The FTP Site location and logon information is provided below.

FTP Site Location: <https://sfile.ct.gov/>
 Logon: CTDOTContract (case sensitive)
 Password: ctdotBid123 (case sensitive)

As an additional reminder, the Department continues to post the NTC Project Advertisement, Project Specifications, Addenda, and Postponement information related to individual projects, on the State Contracting Portal.

Gregory D. Straka
 Contracts Manager
 Division of Contracts Administration
