

Connecticut Keep Kids Safe

Request for Proposals (RFA) 2018

Questions & Answers

Question	Answer
<p>It is clear from the RFA that education regarding bicycle reflective clothing and reflectors is permitted. However, reflective clothing and reflectors are not listed as equipment that may be purchased through this grant. (Bicycle helmets and knee pads are explicitly permitted.) Is it possible to purchase reflective clothing and/or reflectors with grant funds?</p>	<p>While reflective clothing and reflectors are not specifically listed in the RFA as items that can be purchased under the RFA, the RFA does note that “other services and expenses that are reasonable and related to the program will be considered for funding”. Therefore, reflective clothing and reflectors can be considered for funding with grant funds if the Evaluation Committee determines such items are reasonable and related to the program and the application is approved.</p>
<p>If we already have uploaded some of the required forms/documents to Biznet, do we need to include those forms/documents in our submission?</p>	<p>Yes, the required forms/documents should be included even if they are already uploaded to Biznet.</p>
<p>The RFA states that applications must be submitted electronically. Since the required narrative, forms, and documents may run more than 100 pages, is it possible to split the submission into separate PDF documents if the required items are too large to scan as a single document?</p>	<p>Yes, the submission may be split into separate PDF documents if the required items are too large to scan as a single document. When submitting multiple PDF’s, please clearly indicate the numerical order of each submission, e.g., “PDF 1 of 3”, “PDF 2 of 3...”.</p>
