BID ADDENDUM #1:

Common to Both Facilities Corrigan and Radgowski

Change every occurrence of the term “coating” in the spec to Micro Flake.

DOC is requiring the use of Dur-a-Flex product on all surfaces at both facilities.

Any existing product that is sound and has adhesion, with the approval of the DOC, will be mechanically ground and will have base coat applied on these surfaces to ensure color match.

All drains are functioning at present time in showers and floor drains, all extra product will not be disposed of down any drain in the facilities. Clogged drains with any product will be on the contractor to repair and/or replace drainage.

All temporary partitions will need to be built and functioning on the same day. No exceptions.

Radgowski Facility

At the Radgowski Facility the current conditions of the grout lines are acceptable and will not need to be filled in.

Working hours for both Corrigan and Radgowski are 7:45am to 6:00pm.

Temporary wall will encompass the slop sink closet and the handicap toilet stall.

At the Radgowski Facility DOC will supply a minipower supply unit off the existing dryer circuits to ensure contractor will have sufficient power for equipment to perform work.

At the Radgowski Facility it will be acceptable to place a maximum of a 12’ lockable storage container, placed at the DOC’s discretion.

Corrigan Facility

DOC will supply two electrical circuits for extension cords to perform work in work area.

One Bid shall be submitted for this job (you can break out amounts on the price schedule listing each facility if you wish).

Reminder questions are due by February 7, 2019 at 2 p.m. and Bids are due by February 14, 2019 by 2 p.m. (Drop Off and Mail in Only).
