

WESTERN CONNECTICUT STATE UNIVERSITY

ADDENDUM NO. 2

TO

PINNEY RESIDENCE HALL
RESIDENT APARTMENT WALLCOVERING REMOVAL
WESTSIDE CAMPUS
BID NO. 2019-MRC-0015

DATE: MAY 8, 2019

The following addendum will expand, amend, revise and clarify the specifications bearing the above title, dated April 16, 2019, and will become a part of them—not replace them. All information in the original contract documents will apply unless specifically omitted or revised by the addendum.

Below is an RFI that was received, along with the subsequent response:

QUESTION #1: Per walk thru yesterday at Pinney: are we removing 6" cove base and installing new? This adds great deal to cost.

- Page 1 (paragraph 1) of the project manual's **Invitation to Bid** states, *"strip removal of vinyl base molding...and replacement of stripped vinyl base molding"* as part of its general project description.
- In the project manual's **Division 01/Section 01100 "Summary of Work"** page:
 - o **Part 1 General/Section 1.1.A.5** states, *"Removal of existing 6" vinyl base molding (at walls where VWC is to be removed)."*
 - o **Part 1 General/Section 1.1.E** states, *"Replacement of Removed Vinyl Base Molding and Plastic Corner Guards in Apartments."*
- On bid drawing page **GN-1**:
 - o **General Project Notes (section A)** states, *"Careful removal of existing vinyl base molding (in full 4' sections), only at walls that are to have their VWC removed (as highlighted in yellow on drawings)*
 - o **General Project Notes (section E)** states both, *"Only walls highlighted in yellow (on drawings) are to have their existing vinyl base removed/replaced."* and *"Replace all removed vinyl wall base (to match existing base used throughout apartments) with: Johnsonite 6"H x 4'L x 1/8" (color: "silk")"*

End of Addendum
