B-19-05 Display Board Price Sheet clarification

Addendum No. 1

1. The price sheet has been revised as attached below to remove the word “smart” from the display board description so as not to imply any preference towards a particular brand. Vendors may continue to use the original price sheet, or the revised sheet.
2. The number of boards expected to be purchased are estimated to be 20-25 boards, depending upon unit pricing, actual sizes purchased and contracted install costs.
