RFP ADDENDUM #6

DESCRIPTION:

Purchase of Cars and Light Duty Trucks

FOR:

Department of Administrative Services, All Using State Agencies, and Political Subdivisions

PROPOSERS NOTE:

Addendum 6 is issued to post answers to submitted questions:

- Q1. If the manufacturer provides two (2) programmable electronic key fobs per vehicle, do you want the dealer to program a 3rd identical key fob, or provide an additional standard non-electronic key that will open the doors and start the vehicle?
- A1. Section 1. B. 4. of the RFP Document states, “All vehicles must include three (3) sets of full-function keys.” If the vehicle comes with two (2) programmable electronic key fobs, the dealer must supply one (1) additional fully-functioning electronic key fob, for a total of three (3).
- If the vehicle comes from the manufacturer with one (1) fully-functioning electronic key fob, and one (1) “valet” (non-electronic) key, then the dealer is required to provide one (1) additional fully-functioning electronic key fob.
- Q2. The RFP document states vehicles cannot have more than 50 miles on the odometer. Above that, there is a charge of \$5.00 per mile applied. Can this be changed to 200 miles?
- A2. No. The terms of this Contract require vehicles to have 50 or fewer miles indicated on the odometer at the point of delivery. For cars delivered with mileage exceeding 50 miles, a \$5.00 charge per mile for any miles over 50 will be applied.
