The Avery Point Campus’s academic and research mission focuses on its coastal environment and outstanding laboratory and physical facilities that produce academic excellence and access to a special kind of ocean education for its nearly 1,000 students.

**3.0.2** Among the facilities are the Branford House, Boat operations facilities; the Marine Science’s Research Complex; Mystic Aquarium labs, Project Oceanology that is a non-profit organization providing environmental education and marine sciences outreach programs to area schools; and of course the undergraduate and graduate academic facilities. The University also provides Public Access to the Campus Grounds.

**3.0.3** The Campus is located at 1084 Shennecossett Road in Groton.

**3.1** General Scope of Services: The intent of the contract resulting from this RFP is to provide the University with snow and ice free surfaces in the parking lots, roadways, sidewalks, exterior ramps & stairwells, concrete boat dock areas, loading dock areas, Marine Sciences patio, Rankin

Lab patio area, all doorways, and the North Campus access road. This is to be done in a fashion to allow vehicle and pedestrian travel to, from, and around Campus at all times and in a safe manner. Clearing of the areas around all fire hydrants, sprinkler valves & connections, and road drains are included as well as the areas around each door and leading to a public way. Access to the North Campus Garage must also be maintained.

**3.1.1** The Campus has approximately 13,000 linear feet of roadways, 13 parking areas with capacity for roughly 550 vehicles and 250,000SF, and 9,200 feet of walkways in varying widths. It is the contractor's responsibility to verify this information for bidding purposes.

During times that the University is not open, the deployment of shovelers may be delayed as found appropriate by the University.

**3.2** Pre-seasonal Preparations: Prior to the snow season, the contractor shall meet with the University's representative to review documented push paths and accumulation areas to consider the safety aspects with respect to travel and visible traffic related sight lines. Areas of newly placed concrete shall also be discussed so that these areas can be treated with the appropriate snow/ice melt product.

**3.2.1** The contractor shall uniformly mark the roads and walkways with visible devices to minimize plow damage. Recommended snow fences shall be erected at this time. These devices and snow fences must be removed between April 15<sup>th</sup> and 30<sup>th</sup>.

**3.2.2** A "Quality Control Plan" shall be submitted by the contractor. At a minimum, this will include a checklist of all areas to be done with an itemized list of entrances, doorways, patios, stairwells, sidewalk areas, hydrants, sprinkler valves, and siamese connections, road catch basins, detailed parking areas, North Campus Road, areas such as the new concrete areas that require special treatment, sidewalk sections, etc. and written procedures to ensure that snow/ice melt products are applied to manufacturers' specifications. This training list will be checked against the standard wage list that the contractor is required to submit.

**3.2.5** Prior to November 1<sup>st</sup>, arrangements will be made as to what equipment will be stored on site and where.

**3.2.6** Prior to November 1<sup>st</sup>, the contractor will provide a list of contacts with multiple numbers and an escalation procedure if problems develop during a storm or a response is lacking. The escalation procedure must, at a minimum provide access to an agreed upon "high

The contact numbers shall provide emergency access that the University can rely on any time 24 hours a day, seven days a week. Contractor’s crew will physically respond within 30 – 45 minutes to any call that maybe made by the University for snow and ice control services. A continuity/contingency plan shall also be presented if equipment breakdowns occur or unusual conditions occur.

**3.2.7** A review of the procedures to deal with illegally parked or disabled vehicles shall also be completed.

**3.3.1** The University will provide all snow and ice treatment materials for stairs, walks and pedestrian including roadways.

**3.3.2** The Marine Science Courtyard is not considered a roadway but a pedestrian way; This area must be plowed by lightweight vehicles. A three quarter ton truck or a skid steer is acceptable.

**3.3.3** The required clearance around hydrants, Siamese connections, and sprinkler valves is three feet, these items must be fully cleared at the end of each event.

**3.3.4** The Branford House rear patio and the project oceanology rear patio area is required to be cleared and treated as well.

**3.3.5** Culverts/catch basins are to be maintained as well to prevent accumulation of water.

**3.3.7** Access to the generator and propane tank at the Police Station shall be maintained.

**3.3.8** It shall be the contractor’s responsibility to ensure that the snow crews are on-site for a storm. Delays due to traffic or poor conditions are not acceptable. The contractor shall be in communications with the University’s representative prior to the start of any forecasted storm. Particularly when ice is probable, the University desires to have at least a partial crew on Campus prior to ice buildup.

**3.3.9** When possible, the contractor shall plow and remove snow prior to applying snow and ice treatment materials not counting any pretreatment.

**3.3.10** When possible, plow angles shall be maintained to avoid blocking in parked cars.

**3.3.11** Sidewalks, Steps, handicap Ramps, and Landings may be cleaned with power or hand equipment. Track-off mats at buildings entrances should be removed, cleaned of snow/ice and replaced back into position. To prevent damage to the mats, it is the contractor's responsibility to identify the facilities that have track-off mats at their entrances before snow removal begins. **3.3.16** At the end of each event, the contractor's on site supervisor shall submit a copy of the quality control sheet verifying that the work is completed. The University's Representative will confirm that the work was completed. The contractor shall maintain full and verifiable records including vouchers and other information pertinent to the work of the number of employees engaged, DOL classification of each employee, hours worked, each piece of equipment used and the number of hours for each piece of equipment, materials and quantity of each used, arrival and departure times, areas treated, and prevailing site weather conditions.

**3.3.17** If the resulting contract is awarded on a "cost per storm" or "per season" basis, the determination of storm quantity will be defined by the Connecticut Weather Center's official recorded snowfall totals.

**3.3.18** If the resulting contract is awarded on a "Time and Materials" basis, there will be no payment for a truck while idle, due to a breakdown. In the event a Contractor's spreader breaks down and the truck is able to plow, the University may elect to utilize the truck for plowing only and pay accordingly.

**3.3.19** There will be no payment for mealtime or for the cost of meals. The Contractor shall take a meal break of one-half hour when coordinated and authorized by the University's representative.

**3.3.20** The University of Connecticut requires contracted labor and equipment to assist in the maintenance of its Avery Point Campus during inclement winter weather. This could be a cold front, a regular low pressure area, a nor'easter, a high to the northeast that causes ocean effect snows, or any other system that causes snow to fall. Sometimes a low pressure area/nor'easter can develop along a front and cause a first batch of snow followed by the snow shield from the developing storm. - 7.31 Licensed Merchandise: Pre-authorization must be received from the University for the use of University's names, marks, and logos.
- 7.32 Intellectual Property:
- 7.32.1 The Proposer shall pay all royalties, license fees, and patent to invention rights, or copyrights or trade and service marks and defend all suits or claims for the infringement of any patent or invention right or copyrights or trade and service marks involved in the items furnished in any contract resulting from this RFP.
- 7.32.2 The Proposer will hold and save the University and its officers, agents, servants, and employees harmless from liability of any nature or kind, including cost and expenses for, or on account of any patented or unpatented invention, process, article, or appliance furnished in the performance of any contract resulting from this RFP including its use by the owner, unless otherwise specifically stipulated.

7.32.3 Copyrights for any item specified shall be the property of the University and inure to its benefit and Proposer shall execute such documents, as University may require, for the perfection thereof.

7.32.4 The University shall retain all rights, title and interest in all its usage, user and biographical data and Proposer shall only use such data to the extent necessary for complying with its obligations to the University unless it otherwise receives express written approval from the University's designee for any other use.

7.33 Confidential Information:

7.33.1 The University treats Proposals as confidential until after the award is issued. At that time they become subject to disclosure under the Freedom of Information Act. If a Respondent wishes to supply any information, which it believes is exempt from disclosure under the Act, said Respondent should summarize such information in a separate envelope and each page submitted should clearly state "Confidential," but otherwise be presented in the same manner as the Proposal. However, any such information is provided entirely at the Respondent's own risk and the University assumes no liability for any loss or damage which may result from the University's disclosure at any time of any information provided by the Respondent in connection with its proposal.

7.33.2 The proposer and its employees will not disclose information acquired in connection with the performance of services under this agreement which is proprietary or confidential in nature to the University without written permission from the University. This confidentiality will continue to be in effect even after the contract has been completed or terminated for any reason. Some projects may require additional confidentiality documentation or agreements, which will vary according to the University's needs, legal requirements and scope of work.

7.34 Responsibility of Those Performing the Work:

7.34.1 The Proposer shall be responsible for the acts and omissions of all the Proposer's employees, as well as all other persons involved in performing any tasks associated with the provision of the goods and/or services outlined in this RFP by the Proposer.

7.34.2 The Proposer shall at all times enforce strict discipline and good order among the Proposer's employees and shall not employ any unfit person or anyone not skilled in the task assigned.

7.34.3 The contract awardee, when so determined by the University, shall dismiss incompetent or incorrigible employees from the project, and such persons shall be prohibited from returning to the project without written consent of the University.

7.35 Freedom of Information: While the University may be willing to agree not to disclose the information proactively, the University is subject to the Connecticut Freedom of Information Act, found in Chapter 14 of the Connecticut General Statutes, which may require disclosure, should the document be requested with limited exceptions. Two such exceptions that might apply are as follows: (1) Conn. Gen. Stat. sec. 1-210(b)(24) permits the University to withhold

records related to the procurement process while bidding and contract negotiations are underway (this moratorium is temporary and lasts only until the contract has been executed or negotiations are abandoned); and Conn. Gen. Stat. sec. 1-210(b)(5) permits the University to withhold records in its possession in the event they contain trade secrets (or really any intellectual property). In the event that the University determines that Conn. Gen. Stat. sec. 1-210(b)(5) may apply to a given request for the records in question, the responsibility to substantiate claims that said would reveal trade secrets and meet the exemption requirements to would need to be borne by the owner of said trade secrets, not the University. Further, if the entity seeking access to the documents challenges the University's withholding of the document, said owner may be required to prove at the Freedom of Information Commission and/or in a Court of Law, that the release of said trade secrets would be harmful to the owner of the intellectual property or properties in question.

- 7.36 Mandatory Affidavits: The Office of Policy and Management has created new ethics forms effective August 1, 2007 to assist executive branch agencies in complying with the State of Connecticut's current contracting requirements, pursuant to the Connecticut General Statutes and Executive Orders of Governor M. Jodi Rell. The University will require the applicable mandatory affidavits to be completed by the Proposer at the time of bid response **and** contract award. The required affidavits are enclosed as part of this document. Detailed information regarding the requirement of such affidavits can also be found on the Office of Policy and Management website:  
[http://www.ct.gov/opm/cwp/view.asp?a=2982&q=386038&opmNav\\_GID=1806](http://www.ct.gov/opm/cwp/view.asp?a=2982&q=386038&opmNav_GID=1806)
- 7.37 Joint Ventures: Bids submitted by bidders under 'joint venture' arrangements or other multi-party agreements must include a power of attorney delegating authority to one principal with authority to negotiate and execute any/all contract documents resulting from the bid.
- 7.38 Executive Orders of the Governor: The executed contract shall be subject to the provisions of Executive Order No. Three of Governor Thomas J. Meskill, promulgated June 16, 1971, concerning labor employment practices, Executive Order No. Seventeen of Governor Thomas J. Meskill, promulgated February 15, 1973, concerning the listing of employment openings and Executive Order No. Sixteen of Governor John G. Rowland promulgated August 4, 1999, concerning violence in the workplace, all of which are incorporated into and are made a part of the Contract as if they had been fully set forth in it. The Contract may also be subject to Executive Order No. 14 of Governor M. Jodi Rell, promulgated April 17, 2006, concerning procurement of cleaning products and services and to Executive Order No. 49 of Governor Dannel P. Malloy, promulgated May 22, 2015, mandating disclosure of certain gifts to public employees and contributions to certain candidates for office. If Executive Order 14 and/or Executive Order 49 are applicable, they are deemed to be incorporated into and are made a part of the Contract as if they had been fully set forth in it. At the Contractor's request, the University shall provide a copy of these orders to the Contractor.
- 7.39 Ethics and Compliance Reporting/Whistleblower Protection: In accordance with the University's compliance program, the University has in place an anonymous ethics and compliance reporting hotline service – 1-888-685-2637. Any person who is aware of unethical practices, fraud, violation of state laws or regulations or other concerns relating to University policies and procedures can report such matters anonymously. Such persons may also directly contact the University's compliance office at: Office of Audit, Compliance, and Ethics, 9 Walters Avenue,

Unit 5084, Storrs, CT 06269-5084; Phone 860-486-4526; Fax 860-486-4527. As a provider of goods and/or services to the University, you are hereby required to notify your employees, as well as any sub-Proposers, who are involved in the implementation of this contract, of this reporting mechanism.

7.40 State Elections Enforcement Commission (SEEC) Requirements: For all State contracts as defined in Public Act 10-1 having a value in a calendar year of \$50,000 or more or a combination or series of such agreements or contracts having a value of \$100,000 or more, the authorized signatory to this submission expressly acknowledges receipt of the State Elections Enforcement Commission's notice advising state Proposers of state campaign contribution and solicitation prohibitions, and will inform its principals of the contents of the SEEC notice found in UConn Sample Purchasing Agreement attached to this bid solicitation.

7.41 Nondiscrimination Warranties: An executed Nondiscrimination Certification must also be provided by the Proposer at the time of contract execution for all contracts/agreements with corporations and other entities, regardless of type, term, cost or value. The Certification requires the signer to disclose his/her title and certify that the Proposer has in place a properly-adopted policy, which supports the nondiscrimination requirements of Connecticut law. This Certification is required for all original contracts/agreements as well as amendments. The Nondiscrimination Certification forms can be found with the affidavits in this document or at: [http://www.ct.gov/opm/cwp/view.asp?a=2982&q=390928&opmNav\\_GID=1806](http://www.ct.gov/opm/cwp/view.asp?a=2982&q=390928&opmNav_GID=1806)
