

PURCHASING AUTHORITY
Town of New Milford, Connecticut
REQUEST FOR BIDS

Sealed bids will be received at the Purchasing Office until 3 p.m., on Thursday, August 29, 2019. Bids must be in a sealed envelope, addressed to the Purchasing Authority, 10 Main Street, New Milford, CT 06776, and **clearly marked:** Vegetation Management 19/20. Bids will be opened publicly in the E. Paul Martin Room by the Purchasing Authority, Thursday, August 29, 2019 at 3:30 p.m. Late bids will be considered informal and rejected.

INTENT: To hire a contractor for mowing, brush hogging, clearing and thinning/removal of brush and small trees on various Town properties

Specifications and bid forms must be obtained online at www.newmilford.org. When applicable, state bids will be considered for this product/service.

The Purchasing Authority reserves the right to reject any and all bids. In addition to the bid specifications, all bids are subject to the terms, provisions and conditions of the New Milford "Municipal Purchases" Ordinance, set forth in Article III, Section 2-92 (a) through (o) inclusive, of the Code of New Milford. By bidding on the proposed purchase, the bidder agrees to such terms, provisions and conditions.

Any bidder found by the Purchasing Authority to be delinquent in the payment of taxes and/or sewer use charges due to the Town of New Milford shall be subject to the provisions of Section 2-92 (e) of the Code of New Milford. Copies of the Bid Ordinance may be obtained at the Office of the Town Clerk, Town Hall.

Pete Bass, Mayor
An Equal Opportunity/Affirmative Action Employer

**TOWN OF NEW MILFORD
Department of Public Works**

**Town Wide Vegetation Management
2019/2020 SPECIFICATIONS**

INTENT:

It is the intent of the Town of New Milford Public Works Department to hire a contractor for mowing, brush hogging, clearing and thinning/removal of Brush and Small Trees on various Town of New Milford properties as required by the Town. Bid price shall include all labor, materials and equipment in the unit price. The Town reserves the right to accept or reject any and all bids in part or in whole. The Town further reserves the right to use the next lowest bidder or responsive bidder should the low bidder not be able to begin service within the 30 day period from notice to proceed. All bids are to be typed and not hand written.

SUBMISSION, RECEIPT AND OPENING OF BIDS:

The Town of New Milford, CT (“Town” or “Municipality”) invites bids on the project described herein. All blanks must be appropriately filled in. Bids will be received by the Purchasing Authority until 3:00 PM on Thursday, August 29, 2019 and then publicly opened and read aloud. The envelopes containing the bids must be sealed, addressed, and delivered to:

**Purchasing Authority - Town of New Milford, CT
Roger Sherman Town Hall – Lower Level
10 Main Street
New Milford, CT 06776**

Said submissions should be clearly designated as Bid for 2019/2020 Vegetation Management. The Municipality reserves its right to consider informal any bid not prepared and submitted in accordance with the provisions hereof and may waive any informalities or reject any and all bids. Any bid may be withdrawn prior to the above scheduled time for the opening of bids or the authorized postponement thereof. Any bid received after the time and date specified shall not be considered. No bidder may withdraw a bid within 45 days after the actual date of the opening thereof. The Municipality may accept or reject any or all bids or any portions thereof and take any action deemed to be in the best interest of the Town.

PREPARATION OF BID:

Two (2) original copies of each bid must be submitted on the prescribed form. All blank spaces for bid prices must be filled in, in ink or typewritten, in both words and figures. Each bid must be submitted in a sealed envelope bearing on the outside, the name of the bidder, his address, and

person of contact. If forwarded by mail, the sealed envelope containing the bid must be enclosed in another envelope addressed as specified in the paragraph above.

Only complete bids will be accepted. In order for a bid to be complete, it must include the following:

- A. Bid Forms
- B. Indemnification, Acknowledgement & Agreement
- C. Non-Collusion Affidavit
- D. Certificate(s) of Insurance

ADDENDA AND INTERPRETATIONS:

No interpretation of the meaning of the plans, specifications or other pre-bid documents will be made to any bidder orally, **either in person or via phone.**

Every request for such interpretation must be in writing and addressed to:

Jack Healy, Town Engineer
jhealy@newmilford.org

and, to be given consideration, must be received at least seven (7) business days prior to the date fixed for the opening of the bids. Any and all such interpretations and any supplemental instructions will be in the form of written addenda to the specifications which, if issued, will be posted no later than seven (7) calendar days prior to the date fixed for the opening of the bids. Any addenda shall be posted on the State of Connecticut's DAS Website as well as the Town's website, www.newmilford.org. Failure of any bidder to receive any such addenda or interpretation shall not relieve such bidder from any obligation under his bid as submitted. All addenda so issued shall become part of the contract documents.

QUANTITY AND LOCATION:

1. The Town is issuing this as an indefinite quantity bid; work will be per purchase order, budget permitting.
2. List of potential properties & locations:
 - a) Dams and storm drainage structures (detention basins, retention basins, inlets and outlets):
 - Reynolds Farm – retention structure area, access, over inlet and outlet pipes.
 - Meredith Lane - retention structure area, access, over inlet and outlet pipes.
 - Reservoir #4 – Semi-annual brush hogging and mowing
 - Trails/Access way @ Hidden Treasures Park & Bleachery Dam@ 130 West Street.

- b) Other general areas:
 - Bridge Abutments
 - Rights of Way – Roadsides
 - Town Easements
 - Entrance areas to downtown (pending funding)
 - Public Areas (pending funding)
 - Other Town property as required

TERM:

Prices to be in effect for 2 (two) years from date of bid award. Bid may be extended for an additional year upon mutual written agreement between the Town of New Milford and successful bidder.

BASIS OF AWARD:

The following factors will be considered in selecting a contractor:

- Lowest cost responsible bidder
- The ability, capacity and skill of the bidder to supply the service required
- Whether the Bidder can provide the service within the specified time, without delay or interference and past quality of work, if relevant.

INSURANCE REQUIREMENTS:

A certificate of Insurance is required to be submitted upon execution of any agreement. The Contractor must carry the following minimum insurance coverages:

- A. Commercial General Liability (Form 1988 ISO Occurrence Form or equivalent)

Limits of Liability shall be combined bodily injury and property damage:

General Liability per occurrence	\$1,000,000
Products and Completed Operations Aggregate	\$1,000,000
Personal Injury	\$1,000,000
Each Occurrence Aggregate	\$2,000,000
Fire Damage (Any One Fire)	\$ 50,000
Medical Expense (Any One Person)	\$ 5,000

The insurer shall waive all rights of subrogation on all applicable policies against the Town of New Milford, the New Milford BOE, its officers, employees and volunteers arising from all

contracts, agreements and work performed by the Contractor for the Town of New Milford.

- B. Automotive Liability, including owned vehicles, hired vehicles and non-owned vehicles. Limits of insurance shall be combined single limit bodily injury and property damage:
\$1,000,000

Umbrella limits over Automotive Liability limits may be used to make up the required limits.

- C. Statutory Workers Compensation and Employers Liability

Each Accident	\$ 100,000
Disease – each employee	\$ 100,000
Disease policy limit	\$ 500,000

Or in accordance with the requirements of the laws of the State, whichever is greater.

- D. Umbrella/Excess: \$2,000,000

- E. If Umbrella Liability is used to make up required limits, the policy shall not reduce or restrict coverage provided by the underlying Commercial General Liability or Automotive Liability insurance policies.

Umbrella limits over General Liability limits may be used to make up the required limits. The additional insured coverage MUST be provided by the Umbrella to mirror the General Liability coverage.

- F. Insurance carriers providing the required insurance coverages must have an A.M. Best’s financial rating of “A-VII” or better.
- G. The Town of New Milford, its officials, employees, and volunteers, MUST be named as additional insured on a primary and non-contributory basis. The policy endorsement evidencing this coverage must be provided with the Certificate of Liability Insurance.
- H. Note these limits are not all inclusive and are subject to change to reflect scope and cost of individual projects. These minimum required limits are not a limitation of contractor liability.
- I. Any changes in insurance coverage will require thirty (30) days notice to the Town of New Milford.

GENERAL SPECIFICATIONS:

1. Mowing shall include all equipment and labor. This cost shall be included in the price per square yard.

2. Brush Hogging shall include all equipment and labor. This cost shall be included in the price per square yard.
3. Clearing and Thinning shall include removal of debris and wood chips from the Town of New Milford property or project location. This cost shall be included in the price per square yard.
4. Forestry mulching shall include operator, equipment, mobilization and demobilization, however, we will allow the contractor to leave mulch in place. This cost shall be included in the price per square yard.
5. Work may be performed on slopes up to 1.5:1 (horizontal to vertical) but typically 4:1 (horizontal to vertical).
6. Access to site requires a key, which is available at the Department of Public Works (DPW) and shall be picked up and returned each day. The DPW works from 6:30 a.m. to 3:00 p.m. from Memorial Day to Labor Day and 7:00 a.m. to 3:30 p.m. the remainder of the year.
7. It is the contractor's responsibility to minimize damage to lawns and property. The contractor must repair all damage resulting from their activities. Access and work shall remain on town property or easement areas. Maps and guidance can be provided by the Engineering Department.

ADDITIONAL SPECIFICATIONS:

Specification No. 319 - Processed Aggregate Base

Scope of Work

Under this item, and after formation of sub-grade under other items of these specifications has been substantially completed, the Contractor shall prepare the sub-grade and construct a processed aggregate base course in conformity with the line, grade, dimensions and compacted thickness shown on the drawings, or as directed by the Engineer. The Engineer reserves the right to utilize the existing base material in part or in its entirety should this material be deemed suitable for use on any portion of the project. Only the material actually furnished, installed and compacted shall be paid for under this item and only in accordance with the method of measurement and basis of payment schedule as described below.

Materials and Method of Construction

Materials and construction methods shall conform to applicable provisions of CONN-DOT Specifications, Form 816, 2004, Section 2.09.01 for "Sub-grade", 2.09.03 for "Construction Methods", Sections 3.04.01, 3.04.02, 3.04.03 Processed Aggregate Base and M 05.01 for materials.

Method of Measurement and Basis of Payment

TESTING SUBMITTAL: Prior to installing processed aggregate the contractor shall submit a certified test report showing the material to be in compliance with the above specifications.

This work will be measured for payment by the actual number of Tons of processed aggregate base furnished, installed, compacted and accepted, and will be paid for at the contract unit price per Ton for "Processed Aggregate Base" which price shall include all work described above, and for all labor, materials, equipment, tools and incidentals necessary to complete this item.

SPECIAL PROVISIONS: Material shall be picked up at the Town of New Milford Public Works Yard and hauled to the site within the Town of New Milford typically Bleachery Dam 140 West Street or Reservoir #4 Dam 160 Second Hill Road for access road maintenance.

We waive the testing requirement, but require utilization of mechanical compaction equipment.

Specification No. 503 - Topsoil, Mulching and Seed

Scope of Work

The work under this item shall consist of establishing of subgrade for placing topsoil, seed, mulch and fertilizer, preparing of subgrade, furnishing and placing topsoil and seed, as shown on the drawings and/or typical detail, and where directed by the Engineer.

Materials and Method of Construction

Topsoil shall be placed to a depth of four inches (4"). Topsoil shall conform to Connecticut Department of Transportation Specifications, Form 816, 2004, Article M.13.01-1. Topsoil which has been stripped under other items of this contract and which meets the latter specifications may be used.

Fertilizer, seed, and mulch shall conform to Connecticut Department of Transportation Specifications, Form 816, 2004, Articles M.13.03, M.13.04, and M.13.05, respectively.

Construction methods shall conform to Connecticut Department of Transportation Specifications, Form 816, 2004, Section 9.44.03, Topsoil and 9.50.03 for turf establishment.

Method of Measurement and Basis of Payment

This work will be measured for payment by the number of square yards of topsoil and seed actually completed, established and accepted as specified in the scope of work. Payment for this work will be paid for at the contract unit price for each square yard of "Topsoil and

Seed" which price shall include all materials, equipment, tools, labor and work incidental thereto to complete the item as specified.

Specification No. 514 - Mowing

Scope of Work

Under this item the contractor will be required to mowing all brush, grass or ground cover as indicated on plans or as directed by the Engineer.

Materials and Method of Construction

Mowing shall occur to a height of no more than 3" and no less than 1-1/2". Grass clipping shall be left in place. This shall follow Connecticut Department of Environmental Protection best management practices. Construction methods shall conform to the applicable provisions of Connecticut Department of Transportation, Form 816, 2001.

Method of Measurement and Basis of Payment

This item shall be included under the price bid for "Mowing", and shall include all material, tools and labor required to complete the item as specified in square yards (SY).

Specification No. 515- Brush Hogging

Scope of Work

Under this item the contractor will be required to Brush Hogging all brush, grass or ground cover as indicated on plans or as directed by the Engineer.

Materials and Method of Construction

Brush hogging shall occur to a height of no more than 6" and no less than 3". Clippings shall be left in place. This shall follow Connecticut Department of Environmental Protection best management practices. Construction methods shall conform to the applicable provisions of Connecticut Department of Transportation, Form 816, 2001.

Method of Measurement and Basis of Payment

This item shall be included under the price bid for "Brush Hogging", and shall include all material, tools and labor required to complete the item as specified in square yards (SY).

Specification No. 516- Clearing and Thinning

Scope of Work

Work under this item includes clearing all trees (under 6" in diameter), shrubs, brush, and other vegetation, as indicated on plans and as directed by the Engineer to a height of no more than 6"

Construction Methods

Construction methods shall conform to the applicable provisions of Section 2.01 "Clearing and Thinning" of Connecticut Department of Transportation, Form 816, 2001.

Method of Payment

Payment shall be made at the unit of measures indicated in the bid for "Clearing and Thinning," which price shall include removal and disposal of material from the site, and all material, equipment, tools, and labor incidental thereto.

Specification No. 517- Forestry Mulching

Scope of Work

Work under this item includes clearing of all trees (under 6" diameter), shrubs, brush and other vegetation, as indicated on plans and as directed by the Engineer to a height of no more than 6"

Construction Methods

Rubber track type skid steer machine with a front mounted forestry mulching mower.

1. Unit is to include one (1) experienced equipment operator.
2. Rubber track type skid steer machine with a front mounted forestry mulching mower.
3. The cutting head will be a horizontal shaft with fixed tooth cutter capable of cutting and mulching trees and brush up to 6 inches in diameter with a minimum cutting width of 60 inches to a maximum cutting width of 73 inches.

Brush hog type mowers will not be accepted.

Method of Payment

Payment shall be made at the unit of measures indicated in the bid for "Forestry Mulching," which price shall include all material, equipment, tools, and labor incidental thereto.

Specification No. 710 - Sedimentation and Erosion Control System

Scope of Work

This item shall consist of furnishing, placing, maintaining and removing sedimentation control systems for the prevention of erosion due to construction activities, prevention of sedimentation of waterways, open drainage ways, and storm and sanitary sewers due to construction activities and the restoration of areas eroded due to insufficient preventive measures as directed by the Engineer, and according to the attached details. If erosion occurs due to non-compliance with these requirements, restore eroded areas at no cost to the Town of New Milford.

Prior to the start of work, the Contractor shall submit to the Engineer his plan for control of pollution and turbidity, for review and approval.

At a minimum the contractor shall:

1. Furnish all materials, equipment, appurtenances, and facilities required for the furnishing, installing, removing and disposal of all pollution control measures and structures.
2. Prevent erosion of soil and deposition of sediment on other properties caused by water leaving the project site due to construction activities for this project.
3. Prevent mud and sediment from flowing onto sidewalks and pavements.
4. Prevent sedimentation of waterways on the project site, including rivers, streams, lakes, ponds, open drainage ways, storm sewers, and sanitary sewers.
5. If sedimentation occurs, install or correct preventive measures immediately at no cost to Town of New Milford and remove deposited sediments.
6. Comply with requirements of local authorities having jurisdiction.
7. If sediment basins are used as temporary preventive measures, pump dry and remove deposited sediment after each storm.
8. Dispose of pollutants and other waste and excess materials in accordance with the applicable local, state, and federal regulations, provisions of the General Specifications if any, and applicable sections of these Specifications.
9. Dispose of sanitary wastes in accordance with state and local regulations.
10. Perform all construction activities by methods that will prevent entrance or accidental spillage of solid matter, contaminants, debris, and other objectionable pollutants and wastes into streams, flowing or dry watercourses, and underground water sources. Such pollutants and wastes include, but are not limited to, refuse, garbage, cement,

concrete, grout, sewage effluent, industrial waste, mercury, oil and other petroleum products, aggregate processing tailings, mineral salts, excess earth materials, thermal pollution and wash water.

Turbidity increases above the natural turbidities in adjacent streams, reservoirs, channels, or other watercourses that are caused by required construction work shall be limited by the contractor through the use of Best Management Practices

The Contractor shall not operate mechanized equipment in flowing water except as necessary to construct approved crossings or to perform the required construction.

The Contractor shall prevent waste waters from the washing of concrete trucks and equipment, drilling, grouting, or similar construction operations from entering flowing or dry watercourses without the use of special turbidity control methods.

The Engineer may perform such water quality sampling and testing in connection with construction operations as may be necessary to ensure compliance with water quality standards.

Sampling and testing by the Engineer in no way relieves the Contractor of the responsibility for performing such monitoring as is necessary for controlling his operations to prevent violation of water quality standards.

Materials and Method of Construction

General installation of sedimentation control systems shall conform to CONN-DOT Form 816, 2004, section 2.19 and Best Management Practices Standard: State of Connecticut Erosion and Sedimentation Control Manual.

When hay bales are used they shall be installed as specified in CONN-DOT Form 816, 2004, Article 2.18.03. When filter fabric is used it shall conform to Section 7.55 of the above document, shall be mounted on posts with or without fencing as recommended by the manufacturer and shall conform to Article 2.18.03, "Construction" as stated above.

Method of Measurement and Basis of Payment

The work will be measured for payment by the actual number of linear feet of "Sedimentation and Erosion Control System" installed and accepted. Measurement will be made along the center-line of the system. Replacement systems will not be measured for payment.

Payment for this work will be made at the contract unit price per linear foot for "Sedimentation and Erosion Control System" complete in place, which price shall include all materials, equipment, tools and labor incidental to the installation, maintenance, replacement, removal and disposal of the system and surplus material and debris.

Specification No. 728- Certified Flagman

Scope of Work:

Under this item the Contractor shall provide the services of Certified Flagmen at such locations and for such periods of time as the Engineer may order in conjunction with the Department of Public Works, for the control and direction of vehicular traffic and pedestrians.

Certified flagmen will be utilized on all streets unless specifically designated otherwise by the Department of Public Works and/or the Engineer.

Uniformed traffic control (Police) will be utilized only in locations specifically designated by the Department of Public Works and will be paid for under the applicable contract item. (See Specification No. 727 if applicable).

Materials and Methods of Construction

Certified Flagmen shall consist of personnel clothed with reflective vests and equipped (including headgear, flags etc.) so as to be readily distinguishable as flagmen, to the satisfaction of the Department of Public Works and shall be deployed at such locations and for such periods as the Engineer and/or DPW may order, to control traffic operations and promote increased safety to motorists and pedestrians on construction sites.

All flagmen used on the project will be required to have been certified by the Town of New Milford, Department of Public Works.

Method of Measurement and Basis of Payment

Services of flagmen will be measured for payment by the number of hours for each person rendering services in accordance with the orders of the Engineer; this to include, however, only such flagmen as are employed within the limits of the construction, within the right of way for the project, upon detours stipulated in the contract, or upon detours ordered by the Department of Public Works. Flagmen furnished by the Contractor for continued use of a detour or bypass beyond the period for which the Department deems such flagmen necessary to the proper completion of the project, or at locations where traffic is unnecessarily restricted by the Contractor's method of operation, will not be measured for payment.

The minimum hours of payment for any one flagman in any one day shall be four hours. No flagman shall work more than twelve hours in any one day. In case such services are required for more than twelve hours, the Contractor shall furnish additional personnel.

Travel time will not be measured for payment.

Flagmen will be paid for at the contract unit price bid per hour for "Certified Flagman," which price shall include all compensation, insurance benefits and any other cost or liability incidental to the furnishing of the Flagman as ordered.

Specification No. 730 - Maintenance and Protection of Traffic

Scope of Work

The description and construction method for this item shall be as described under Connecticut Department of Transportation Specifications, Form 816, 2004, Section 9.71.01, and 9.71.03, except that the Contractor, rather than the State or Town, shall furnish signs, barricades, covers, traffic cones, etc., to forewarn traffic of construction and safeguard and guide the traveling public through detours.

Covered detour signs are to be posted by the contractor one week prior to road closure, and then uncovered the day before the start of construction.

Method of Measurement and Basis of Payment

This work will be paid for at the contract lump-sum price for "Maintenance and Protection of Traffic." This price shall include all costs for labor, equipment and services involved in the, fabrication, erection, covers, maintenance, moving, adjusting, relocating and storing signs, barricades, traffic cones and traffic delineators furnished by the Contractor, as well as all cost of labor, including traffic-men and equipment involved in the maintenance of traffic lanes and detours ordered or included in the approved scheme for maintenance of traffic as shown.

If the Engineer requires the Contractor to provide facilities in excess of the requirements of the adopted scheme for maintenance and protection of traffic, the Contractor shall perform the required work; and payment for the cost thereof will be made at applicable contract unit prices, or in the absence of applicable contract unit prices, as Extra Work.

PURCHASING AUTHORITY
Town of New Milford, Connecticut
INDEMNIFICATION, ACKNOWLEDGEMENT & AGREEMENT

BID: Vegetative Management 2019-2020

BID OPENING: August 29, 2019

To the fullest extent permitted by law, the contractor shall indemnify and hold harmless the Town of New Milford, and agents and employees of said Town from and against claims, damages, losses and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the work, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the work itself) including loss or use resulting therefrom, but only to the extent caused in whole or in part by acts or omissions of the contractor, a subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity which would otherwise exist as to the Town of New Milford. In claims against any person or entity indemnified under this paragraph by an employee of the contractor, a subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, the indemnification obligation under this paragraph shall not be limited by a limitation on amount or type of damages, compensation or benefits payable by or for the contractor or a subcontractor under workers' or workmen's compensation acts, disability benefit acts or other employee benefit acts.

Contractor acknowledge and understands that the Town of New Milford has adopted as its policy, the nondiscrimination agreements and warranties required under Connecticut General Statutes § 4a-60(a)(1) and § 4a-60a(a)(1), as amended in State of Connecticut Public Act 07-245 and sections 9(a)(1) and 10(a)(1) of Public Act 07-142, as those statutes may be amended from time to time. Contractor further agrees to comply with such mandates.
