Addendum #2

Bid No. 06-18-19-01

Environmental Remediation Work – Former Mallory Hat Factory Site

August 26, 2019

Bid Due Date: Extended to 10:00AM, September 10, 2019.

Questions & Answers:

1. Please confirm that the Summation page (P-8) is to only include the sum of the items listed as Item A – Base Bid (pages P-1 through P-4) and that it is this total that we are to base the cost of our Performance and Payment Bonds. OR - will the awarded contract value include Items B and C and this is the amount we should anticipate for costing Performance and Payment Bonds?

Confirming the Summation on P-8 is to include Item A: Base Bid only.

It is possible that Item B: Add Alternates will be included in the contract award. Any increase in bond cost that may result from awarding the Add Alternates should be included in the Add Alternate fees.

Item C Unit Prices will not be part of the contract award. These items are dependent on conditions encountered in the field, and can be used for change order pricing, if needed. The City reserves the right to negotiate Unit Prices prior to contract award.

2. Will payment for the backfill of the tank voids be paid for out of Item 7a or 8 or do we include it in Item 3?
Will be 7a and 8. Tank voids will not be backfilled since we are excavating petroleum-impacted soils beneath this location.
3. Will a copy of the sign in sheets be sent out?
Sign-in sheets were distributed with Addendum #1 on 8/22/19.
4. What is the anticipated start date?
The project will begin after bid packages are reviewed and authorization to proceed is received from the State.
5. Will updated figures be provided?
Figures shown on Proposal sheets remain as-is.
