

ADDENDUM 2
HVAC & BOILER SYSTEMS PREVENTATIVE MAINTENANCE SERVICES
BID#2019HMS
September 27, 2019

The following questions/clarifications have been received.
Questions regarding the RFP will be accepted up until Friday, November 8, 2019 at 10:00 am.
Final Q&A Addendum will be issued no later than 10am Monday, November 11, 2019.

Clarification: regarding the Scope & Specifications, regarding repairs.

Scope & Specifications (revised)

Provide all labor and equipment necessary to perform preventative maintenance and repairs needed to maintain HVAC and boiler systems in operational conditions to the satisfaction of CRT.

Repairs are not included in the following Scope & Specifications. Repair recommendations that are found during routine maintenance visits will require prior approval from the Director of Facilities before work is performed, as this will require us to follow our Procurement Policies and Procedures.
