In addition, the Town estimates that it will need no more than ten (10) hours of remote/online/phone maintenance/support services per year. To conclude, the Town estimates it will need no more than 42 hours per year of maintenance/support services (or 126 hours for all three years). The potential bidders are encouraged to use the fee proposal sheet to indicate what the per hour charge would be beyond these maximum hours listed.

Commencement of the contract, as defined by law, “means the time when the non-resident contractor signs the contract, but, in any event, occurs no later than when the work under the contract actually starts.” As soon as the guarantee bond is filed with the DRS, the non-resident contractor shall submit the copy of such Guarantee Bond together with the non-resident contractor’s Connecticut Tax Registration Number to the Town department for whom the project is required. After the non-resident contractor receives its Certificate of Compliance from the DRS confirming that the Guarantee Bond requirement has been met, the non-resident contractor shall submit a copy of the same to the department, for whom the work is being performed, with a copy to the Purchasing.

8. Equal Employment Opportunity (EEO); Minority Business Enterprises (MBE). If a project is funded in whole or in part by state or federal funds, there may be a requirement that the contractor comply with CGS Section 4a-60 and applicable State regulations. On these projects it will depend upon which set-aside requirements are imposed by the funding agency. If no set-aside requirement is imposed, a statement that the contractor is required to undertake good faith efforts to include subcontractors and suppliers who are minority business enterprises will suffice and shall be deemed to be incorporated into the Contract with the Town. If there is a set-aside goal, the Town and contractor shall comply with the Small Contractors Set-Aside Program and the hiring goals identified by the State Commission on Human Rights and Opportunities (CHRO). For set-aside projects, the following provisions are required to be included in the bid documents:
“The contractor who is selected to perform this State project must comply with C.G.S. §4a-60,4a-60a, 4a-60b, and 46a-68b through 46a-68f, inclusive, as amended by June 2015 Special Session Public Act 15-5. State law requires a minimum of twenty-five (25%) percent of the state-funded portion of the contract for award to subcontractors holding current certification from the Connecticut Department of Administrative Services (“DAS”) under the provisions of C.G.S. §4a-60g. (25% of the work with DAS certified Small and Minority owned businesses and 25% of that work with DAS certified Minority, Women and /or Disabled owned businesses.) The contractor must demonstrate a good faith effort to meet the 25% set-aside goals. For municipal public works contracts and quasi-public agency projects, the contractor must file a written or electronic non-discrimination certification with the CHRO. Forms and other requirements may be accessed on the CHRO website.
