TO: Interested Construction and Engineering Firms

Subject: Notice of Upcoming Design-Build Request for Statements of Qualifications - Updated

The Connecticut Department of Transportation (CTDOT) will soon be seeking to retain a Design-Build Contractor consisting of a Construction firm and a Consultant Engineering firm to execute a contract for the design and construction of CTDOT Project No. 0079-0244: Resurfacing, Bridge Rehabilitation and Safety Improvements on I-691 in the Towns of Cheshire, Middlefield, Southington and City of Meriden Connecticut.

The selected Contractor will provide design and construction services for this Project, which will include but not limited to; Roadway rehabilitation consisting of bituminous concrete pavement and/or concrete pavement; Roadway drainage and cross culvert investigation/repairs; Minor bridge work; Guiderail upgrades; Highway design and construction; Traffic engineering; Illumination; Maintenance and Protection of Traffic; Contractor Quality Control and Environmental permit applications.

This solicitation is open to all construction contractors prequalified by CTDOT for work classification Group No. 7 - Road Construction and Rehabilitation: Limited Access Highways/Freeways; and must qualify for Scope Code “M”. Scope Code “M” is for projects in the $40,000,000 - $59,999,999 range.

NOTE: Construction firms interested in participating in this solicitation must become prequalified in the appropriate work classification by the prequalification deadline which is anticipated to be March 04, 2020. There are no specific prequalification requirements for the Consultant Engineering firms. However, the qualifications of these firms, as they relate to the requirements of the project will be evaluated through the qualification review process.

All interested parties must obtain the requirements for the Statements of Qualifications from the Solicitation Letter and the Design-Build Procurement Request for Qualifications (RFQ) for State Project No. 0079-0244: Resurfacing, Bridge Rehabilitation and Safety Improvements on I-691 in the Towns of Cheshire, Middlefield, Southington and City of Meriden, Connecticut. On the advertisement date, this document will be found at the Department of Administrative Services (DAS), State Contracting Portal for Department of Transportation projects: CTDOT Bids and RFPs (State Contracting Portal-Transportation, Department of) (http://www.biznet.ct.gov/scp_search/BidResults.aspx?groupid=64). It contains details and provides information regarding the project requirements and the selection process.

It is anticipated that the request for Statements of Qualifications will be issued on January 02, 2020, with a due date of February 12, 2020.

If there are any questions or issues related to obtaining the necessary documents please send an e-mail to CTDOT.Design.Build@ct.gov.
