Silver Lane Main Building Roof Replacement Project

Note: If similar questions were received by multiple parties, questions were combined to form one question representing intent and answered below. In most instances, questions retain wording verbatim, so grammatical and other errors are not on behalf of EHPS.

1. What is the existing roof composition?
 - a. Please reference Sheet A2.1 "Roof Construction Typical Notes" Section, Note X. for existing roof composition data.

2. Will we be able to access the roof from the roof stair entrance? Or will we need to carry a stair tower?
 - a. Contractors will be able to access the roof from the roof stair entrance from 7AM-3PM Monday thru Friday.
