

NEWTOWN BOARD OF EDUCATION  
REQUEST FOR PROPOSAL

ADDENDUM #1

This addendum will serve as a clarification to the original proposal, "THE SUPPLY AND INSTALLATION OF DUCTLESS SPLIT TYPE AIR CONDITIONING SYSTEM AT MIDDLE GATE SCHOOL". This project is NOT a ductless split AC project, rather it is the installation of two rooftop AC units as outlined in the Project Scope section of the original RFP.

The name of this RFP will now be "Supply and Installation of Rooftop Air Conditioning System at Middle Gate School"
