

REQUEST FOR QUOTATION
STO-93 Rev. 10/01

INSTRUCTIONS

Please quote us your prices on the commodities listed below.
All prices must be F.O.B. Destination and you must show Unit Price, Amount, and Total or bid may be rejected.

Since the State of Connecticut is exempt from the payment of Federal Excise Taxes and the Connecticut Sales Tax, do not include such taxes.

We reserve the right to reject in whole or in part any or all bids submitted.

The contractor agrees and warrants that in the performance of this contract he will not discriminate or permit discrimination against any person or group of persons on the grounds of race, color, religious creed, age, marital status, national origin, sex, sexual orientation, learning disability, mental retardation or physical disability, including, but not limited to, blindness, unless it is shown by such contractor that such disability prevents performance of the work involved, in any manner prohibited by the laws of the United State or of the State of Connecticut. If the contractor agrees and warrants that he will make good faith efforts to employ minority business enterprises as subcontractors and suppliers of materials on such project. The contractor further agrees to provide the Commission Human Rights and Opportunities with such information requested by the Commission concerning the employment practices and procedures of the contractor as related to the provisions of this section and section 46a-56. For the purposes of this section "minority business enterprise" means any subcontractor or supplier of materials fifty-one percent or more of the capital stock, if any, or assets of which is owned by a person or persons: (1) Who are active in the daily affairs of the enterprise; (2) who have the power to direct the management and policies of the enterprise; and (3) who are members of a minority, as such term is defined in subsection (a) of section 32-9n.

Vehicle Evaluation Report

Date of Evaluation: 3/23/2020

Intent to purchase a new vehicle

Type of Vehicle to be purchased:

MINI VAN

HONDA ODYSSEY

LOWERED FLOOR VAN

PASSENGER ONLY

Disability ALS

History of Muscle Spasms: No

Height: 53" seated in wheelchair Weight: 138lbs

Vehicle used for evaluation: 2013 Honda Odyssey

Wheelchair used during evaluation: Permobil Corpus F3

Wheelchair to be used for vehicle modification Yes

Town Where Consumer Lives: East Haven

Bidders:

Please list any specifications that vary from those listed in the vehicle evaluation report

BRS#22016

Disability: ALS

History of muscle spasms: No

Exact description of client's current vehicle:

Client has a 2013 Honda Odyssey with power fold out ramp, electronic securement (EZ lock) in the midsection of the van, aluminum disc around securement to prevent tearing of rubber flooring, and a seatbelt to ride as a passenger from his wheelchair.

Vehicle Modifications Recommended:

This consumer will continue to require a lowered floor vehicle with ramp entry. He will also require electronic securement in the midsection of the van and a seatbelt to ride from his wheelchair. The client may require an aluminum disc if the pin for his securement tears the rubber flooring.

Justification for recommendation of type of vehicle described above:

Client requires his power chair for access to employment and the community. He requires a power ramp for independence to get in and out of his vehicle safely. He requires power securement for his power chair for independence securing his chair to ride safely as passenger. Since he is riding from his wheelchair, he also requires a seatbelt to ride safely from his chair.

Vehicle used for evaluation (make, year, model, wheelbase):

Client's 2013 Honda Odyssey

Wheelchair used during evaluation: Permobil Corpus F3 Weight: 400-450lbs (estimate)

Wheelchair to be used for vehicle modification: Same Weight: Same

Clients driving from a power wheelchair will require a swing-away mount for the joystick.

Replacement wheelchairs should maintain client's positioning as close as possible to previous chair's dimensions including make and model, length, width, seat height and wheelbase.

Any new wheelchair that exceeds the dimensions of client's current chair may prohibit the client's ability to enter, lockdown, or exit the modified vehicle. Specifically, the new wheelchair may be too long or too wide for the ramp or lift, the driver tiedown may not be adaptable to the new wheelchair, and/or maneuverability may be inhibited when positioning wheelchair for driving and/or riding as a passenger. Client is responsible for notifying funding source of any changes in wheelchair or vehicle following the date of this report.

Funding source name: BRS

Funding source telephone: _____

Evaluation location: Easter Seals Mobility Center

ENTRY/WHEELCHAIR SECUREMENT/INTERIOR

- 1. **Outside Lift/Ramp Operation**
 - Remote

- 2. **Wheelchair Access**
 - Lift
 - Ramp for lowered floor minivan
 - Side Entry
 - Power In-floor

- 3. **Automatic Door opener**
 - Slide

- 4. **Lowered Floor**
 - Door opening height must accommodate: 53"
 - Minivan with Kneeling Feature

- 5. **Wheelchair Tiedown System**
 - Power Tiedown (Client currently has an EZ lock) Remote cable release (mounted within client or caregiver's reach)
 - Midsection

- 6. **Lap and Shoulder Belt (Type 2A) (required when riding or driving from wheelchair)**
 - Midsection

PREPARATIONS

- 7. **Wheelchair Subfloor**
 - Transit Rubber Flooring

OTHER

- 8. **Aluminum Disc**
 - As needed if pin from electronic securement is tearing rubber flooring (29" in diameter)

Was the client road tested? Yes No

Comments: Successful assessment for safe travel as a passenger.

IN ADDITION TO THE ITEMS INCLUDED IN THIS REPORT, IT IS RECOMMENDED THAT CLIENT'S CONSIDER THE FACTORY OPTIONS BELOW. NOTE THAT BRS IS NOT NOT RESPONSIBLE FOR FUNDING THESE EXTRA OPTIONS.

- AAA Plus (extended distance towing package)
- Air conditioning
- Alternator (heavy duty)
- Automatic load leveling system
- Automatic Transmission (with overdrive if available)
- Backing Object Detection System (typically available on high end packages)
- Battery (heavy duty, maintenance-free)
- Citizen band or cellular phone (emergency communication system)
- Cruise control
- Door locks (power)
- Dual battery
- Factory power slide door
- Front stabilizer bar
- Glass (all-around)
- Glass, tinted (privacy glass)
- Insulation of walls and doors
- Interior trim package
- Lighter (cigar) (Power Point)
- Maximum GVW for 3/4 ton van (8,600 lbs.)
- Mirrors, power heated
- Power hatch
- Rear window defogger (if available)
- Remote start (**not for "0" effort steering**)
- Run-flat tires
- Springs (heavy duty)
- Steering wheel (tilt)
- Spare tire and wheel – full size
- Super duty cooling package

NOTE TO CLIENTS: The mid bench/seats floor quick disconnect and floor inserts will normally be removed. Unless approved in writing within the van evaluation report by the state, the costs of reconnection of the quick release mid bench/seats will be the responsibility of the client and not the state or the modification vendor. The client is responsible to order any changes from the modification vendor prior to drop shopping their vehicle to the vendor's modification manufacturer's site, and is fully responsible to pay for them at the time of delivery.

Your new vehicle tires may not provide maximum performance. After-market tires with superior performance are available at your expense.

The lowered floor minivan modification may change the handling characteristics from that of an unmodified van.

For high tech vehicles, maintenance costs can be expensive. Please refer to your Voc Rehab policy regarding maintenance of the equipment.

Clients (especially those with impaired sensation) are recommended to have their vehicle modifier disable heated seat and/or heated steering wheel functions. Malfunctions may result in severe burns.

Note that approved vendors and equivalent systems/equipment are determined by the funding source.

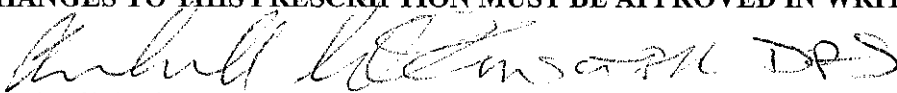

NOTE TO VENDORS: Any motor vehicle which is equipped with adaptive equipment pursuant to a contract awarded as the result of a bid submitted in response to this prescription is subject to and must pass inspection and testing, including test driving, by the consulting automotive engineer selected by the Bureau of Rehabilitation Services to determine that the vehicle conforms to the specifications in such contract and is equipped for safe highway operation. Inspection of said vehicle and corrections found necessary shall be completed before payment is made to the vendor and before delivery is made to the client.

Vendors must contact clients for a fitting and/or obtain pertinent information before modification work is begun and/or completed. Vendor must familiarize client and significant others in the proper use and operation of all adaptive equipment.

It is recommended, upon receiving your vehicle following conversion, that you contact the Driver Training Program (DTP) of the DORS at 1-800-537-2549 and arrange to have a DTP representative familiarize you with the complete operation of your vehicle and to complete any necessary training. **Drivers new to their adaptive equipment must contact the DTP at 1-800-537-2549 for training and/or licensing.** The instructor's brake system is to be removed upon licensing. The client is responsible for contacting the vendor for removal.

When insuring your vehicle, a copy of this report should be provided to your insurance company to obtain appropriate coverage.

THIS DOCUMENT IS A PRESCRIPTION ONLY AND IS NOT APPROVAL FOR CLIENT TO PURCHASE VEHICLE OR EQUIPMENT. FUNDING SOURCE MAY NOT PAY FOR ALL ITEMS IN THIS REPORT. ANY CHANGES TO THIS PRESCRIPTION MUST BE APPROVED IN WRITING.
