

## APPROVED EQUAL FORM

*\*Attach as many of these forms as necessary to the proposals. One form for each request.*

MobilityWorks LLC in Partnership with Braunability and Drivege Vehicle Innovations  
Proposer/Vehicle Manufacturer

RFP Part \_\_\_\_ Section Number \_\_\_\_ H \_\_\_\_ Section Title Accessible Ford Transit T350

### Proposer's Request:

- Pewter Grey Interior is no longer offered for Driver and Passenger Seat from Ford, they have changed to a darker "Palazzo Grey" which is closer to a charcoal grey.
- 3.7L engine is no longer offered by Ford and has been replaced by a more efficient 3.5L.
- 6 Speed Automatic Transmission is no longer offered and has been replaced by a more efficient 10 Speed Automatic Transmission.
- Question on seating capacity: Flooring and Seating section refers to 8 ambulatory passengers with zero wheelchairs and the next line states 5 seats for ambulatory passengers plus driver and passenger totaling 7. The difference would be either 5 modular seats in the rear or 6. Drawing shows Driver/Passenger/5 rear ambulatory totaling 7. Please clarify so we can price accurately.

### The District's Response:

Approved: **Yes**      Denied:      Noted:      See Addendum: **#2**

### Comments:

- **Palazzo Grey is acceptable.**
- **3.5L engine is acceptable.**
- **10-speed automatic transmission is acceptable.**
- **Please disregard bullet 4 in Floor and Seating section. We anticipated 5 modular seats in back with 2 wheelchair positions and a driver and front passenger seat. Please refer to the seating diagram provided in the bid specs.**
