STANDARD

AN INDUSTRY STANDARD

The STANDARD concealable body armor system has earned a reputation as the reliable "workhorse", capable of defeating high energy threats while providing lightweight wearability. Officers throughout the country trust this industry standard and continue to depend on it for their protection.

FEATURES MALE

- ▶ Durable outershell is constructed of first quality, dimensionally stable 65% polyester / 35% cotton fabric with a soil resistant finish
- ▶ Integrated carrier design provides comprehensive protective coverage with enhanced mobility
- ▶ Removable 2" waist straps provide 8-point adjustability - optional 4" straps available
- ▶ Self-Suspending Ballistic System™ (SSBS) prevents rolling and sagging of ballistic panels inside the carrier
- ▶ Trauma insert pockets in the front and back accommodate 5" x 8" or 8" x 10" **SPEED** or **Blade Plates**
- ▶ Removable 4" internal cummerbund stabilizes rear ballistic panel and helps prevent riding up when sitting
- ▶ Available with or without shirt tail
- ▶ Standard concealable ballistic panels fit into Crossover carriers (MAC 08, Gresham, Endeavor and TAC)

ADVANCED WARRIOR SYSTEM (AWS)

NEW

The newly designed **Advanced Warrior System (AWS)** provides optimum protective coverage and extreme versatility in fit while allowing maximum freedom of movement. Ruggedly durable and designed to be highly adaptive, the AWS is incredibly modular in construction and offers the ideal combination of form, fit and function.

Features

- Accommodates SPEER / BALCS ballistics
- Durable 500 denier Cordura® outershell construction
- Side-opening design with internal side plate pocket that accommodates trauma insert plates
- Patented single point release system that includes a low profile cutaway handle and integrated wire management system
- Internal, bottom-loading hard armor plate pockets in the front and back for additional protection
- 2-piece, releasable and adjustable cummerbund system
- Front flap includes kangaroo pouch that holds three 30 round AR15/M16 mags
- High visibility, removable identification in the front, back and biceps
- Maximum MOLLE Compatible Webbing System (Optional)
- Removable collar and throat protection (Optional)
- Ergonomically shaped bicep protector (Optional)
- Groin protector with webbing to accommodate additional accessories (Optional)
- Lower back protection (Optional)
- **019 Model** accommodates ESAPI and XSAPI hard armor plates
- **024 Model** accommodates standard 10" x 12" hard armor plates

ADVANCED PLATE CARRIER (APC)

Designed to allow the operator to gain immediate protection against high powered assault weapons, the **Advanced Plate Carrier (APC)** takes performance to new levels. Blending the functionality of a tactical vest with the simplicity of a plate carrier, the APC accommodates soft ballistic panels, Level III or IV hard armor plates and equipment pouches.

Features

- Patented single point release system that includes a low profile cutaway handle and integrated wire management system
- Internal, bottom loading hard armor plate pockets in the front and back for additional protection
- Accepts soft armor inserts
- Removable shoulder pad system for improved load bearing stabilization
- Adjustable 2-piece cummerbund system with built-in ballistics pocket or built-in Radio / Mag pouch
- Internal "belly band" provides additional adjustability
- Front flap secures cummerbund and accommodates equipment pouches
- Reinforced rescue strap
- Available in sizes: (Small, Medium, Large, Extra Large)
- Ballistic Collar, Throat, Biceps, Abdomen, Lower Back and Groin Protection (Optional)
- **019 Model** accommodates ESAPI and XSAPI hard armor plates
- **024 Model** accommodates standard 10" x 12" hard armor plates

FEDERAL TACTICAL OUTER CARRIER (FTOC)

NEW

The FTOC offers a new, innovative approach to body armor design. This highly scalable, side-opening carrier allows tactical units the flexibility to configure the body armor system to meet mission specific needs. This includes the capability to reduce from higher to lower levels of protection, while enhancing mobility, agility and substantially improved range of motion for the wearer.

Features

- Specially contoured carrier shape offers optimum protective coverage while maintaining maximum maneuverability
- Exceptionally strong and durable 500 denier outershell construction
- Integrated torso padding system placed within the internal spacer mesh lining improves airflow and breathability
- Padded shoulder strapping system provides adjustability and load bearing support
- Internal cummerbund helps stabilize the vest and provides a secure fit
- External, top-loading, front hard armor plate pocket and internal bottom-loading back hard armor plate pocket
- Left and right shoulder webbing for radio handset
- Easily accessible wire routing channels
- Heavy duty, reinforced "man down" strap
- MOLLE Compatible Webbing Attachment System
- High visibility, removable identification in the front and back

Options

- Cutaway Adapter Kit
- Side Plate Cummerbunds
- Scalable and Removable, External Cummerbund for future accessories
- Integrated side closure plate pockets fit trauma insert plates for additional protection
- Lower Abdomen, Groin, Lower Back, Trapezius, Bicep, Collar and Yoke Ballistics Accessories
- Kangaroo Flap Options to accommodate multi-functional utility pouch with internal dividers that fit three 30 round M16s
- Dual Drag Handles

RBAV

Releasable BALCS Armor Vest

Releasable assault vest fits BALCS armor. Modular components for individual and team flexibility meet your mission-specific needs. The RBAV is PARACLETE's state-of-the-art modular tactical vest designed to fit the BALCS armor cut. The RBAV is the perfect choice for tactical operators who want all the features of our patented cutaway release system modular vest while maintaining the functionality of their BALCS soft armor.

Features

- Patented single-point release system allows user to remove fully-loaded tactical vest instantly and completely by pulling a single low-profile cutaway handle
- Designed to carry BALCS cut soft armor
- Front and rear pockets for E-SAPI style rifle plates with hook-and-loop closure system
- Internal side plate pockets hold low-profile hard plates with hook-and-loop closure
- Includes internal adjustable cummerbund and elastic harness to provide a snug fit which accommodates multiple waist sizes
- Low-profile shoulders for routing wired communication and hydration tubes
- Reinforced back drag strap for quick recovery
- Available with or without Release System
- RBAV is offered in two unique front-closure designs for preferred comfort
- Zip-off back panel allows quick configuration of the vest to meet your mission-specific needs
- MOLLE webbing accommodates all PARACLETE and MOLLE-compatible modular pouches
- Modular ballistic components sold separately

SOHPC

Special Operations Hard Plate Carrier

The SOHPC was designed for Special Operations Forces and is PARACLETE's latest hard plate carrier. It has been innovatively designed to provide unmatched comfort, protection and flexibility to meet the needs of every mission. Through the addition of an adjustable cummerbund and internal side plate pockets for 6" X 6" hard plates, the SOHPC is the operator's choice for today's missions.

Features

- Available with or without NIJ .06 Level IIIA ballistic inserts
- Internal side plate pockets hold low-profile hard plates. Plate location can be adjusted for comfort and securely held in place with Mil Spec hook and loop straps and innovative flap closure system
- Front and rear pockets for E-SAPI style rifle plates with hook and loop closures
- Cummerbund accommodates soft ballistic inserts
- Side closure includes cummerbund and adjustable elastic harness to provide a snug fit and accommodate multiple waist sizes
- Removable cummerbund easily converts into lightweight stand-alone plate carrier
- Padded shoulders provide increased comfort during long-term wear
- New front pull shoulder straps adjust easily. Shoulders include retention loops for increased stability and routing of cables
- MOLLE-style webbing accommodates all PARACLETE and all MOLLE-compatible modular pouches that are designed to fit your mission-specific needs
- New drop-down front flap has increased load-bearing capacity without sagging. Accommodates long magazines without impeding vest removal
- **019 Model** accommodates ESAPI and XSAPI hard armor plates
- **024 Model** accommodates standard 10" x 12" hard armor plates

C-SERIES

The C-SERIES ballistic system has earned a reputation as the reliable “workhorse”, capable of defeating high energy threats while providing lightweight wearability. Officers throughout the country trust this industry standard and continue to depend on it for their protection.

- » Durable outershell is constructed of first quality, dimensionally stable 65% polyester / 35% cotton fabric with a soil resistant finish
- » Integrated carrier design provides comprehensive protective coverage with enhanced mobility
- » Removable 2” waist straps provide 8-point adjustability - optional 4” straps available
- » Self-Suspending Ballistic System™ (SSBS) prevents rolling and sagging of ballistic panels inside the carrier
- » Trauma insert pockets in the front and back accommodate 5” x 8” or 8” x 10” **SPEED or Blade Plates** for additional blunt trauma protection
- » Removable 4” internal cummerbund stabilizes rear ballistic panel and helps prevent riding up when sitting
- » Split shirt tail construction or optional no tail
- » C-SERIES concealable ballistic panels fit into Crossover Carriers (Maverick, Gresham, Endeavor, TAC and R20-D)

SPECIALLY DESIGNED...

... to offer exceptional load bearing capabilities, the **MAVERICK**'s durable construction can be easily adapted for equipment-carrying assignments. Instantly convert the Maverick into a protective vest with up to Level IIIA protection by inserting concealable ballistic panels. Highly versatile in design, the Maverick provides optimal functionality, comfort and performance.

FEATURES

- » Patented Self-Suspending Ballistic System (SSBS) keeps ballistic panels in place
- » 500 denier nylon Cordura® carrier construction
- » Four rows of MOLLE-Compatible webbing around the vest
- » Adjustable side wings offers a secure fit and accommodates 5"x8" trauma insert plates
- » Back to front side closure system with front overlap
- » Hidden, dual front "kangaroo" pockets capable of securing AR-15, M16, or similar magazines on front flap
- » Front plate pocket accommodates 5" x 8", 8"x10" or 10"x12" hard armor plates
- » Back plate pocket accommodates 8"x10" or 10"x12" hard armor plates
- » Adjustable internal cummerbund for load bearing stabilization
- » Mic tabs on shoulders for radio handsets
- » Non-skid surfaces and curved "butt retention" system for ambidextrous weapon mounting
- » Easy Break Away Shoulder System with snaps and VELCRO® Brand Fasteners
- » Ambidextrous cable channels from shoulder to mid-chest
- » Front and back 3"x10" ID panels
- » Reinforced man-down strap

OPTIONS FOR MAVERICK, GRESHAM, & ENDEAVOR

- » SPEED Plates
- » Level III or IV Hard Armor Plates
- » Additional Equipment Pouches
- » Custom Agency I.D. Placard

FEATURES

- » Critical Contour Cut provides maximum ballistic coverage while providing optimum range of motion for greater maneuverability and functionality
 1. Internal Shock Absorbing Straps significantly improves weight distribution and load bearing support
 2. Emergency Break Away System in the shoulders and waist for rapid doffing
 3. Self Suspending Ballistic System™ keeps ballistic panels from sagging and bunching
 4. Multiple sizing points in the shoulders and waist allow you to “fine-tune” the fit of the vest
- » Optional shoulder protective panels offer additional coverage for critical breaching missions
- » Removable yoke, 2-piece collar and enhanced throat protector provides greater protective coverage
- » Removable bicep protector with plate pockets for optional 5” x 8” ballistic plates
- » Removable and adjustable cummerbund for load bearing stabilization
- » Retractable groin protector protects vital areas
- » Versatile internal holster suspension system
- » Side plate pockets can accommodate 5” x 8” ballistic plates
- » Top loading, dual size combo plate pockets in the front and rear for 8” x 10” or 10” x 12” plates
- » Three integrated “kangaroo” plate pockets, capable of securing AR-15, M16 or similar magazines
- » Non-skid “rifle butt retention” surface for both right and left hand weapon mounting
- » Extra snap webbing attachment for rifle sling security when removable shoulder protective pads are not in use
- » Maximum MOLLE compatible load bearing webbing system
- » Reinforced man-down strap
- » Complete tactical armor system includes 5 equipment pouches

Assault ONE

SPECIALLY DEVELOPED TO ENHANCE MOBILITY..

...improve shooter accuracy and provide maximum load bearing capabilities, the **ASSAULT-ONE** can adapt to any tactical mission with split-second precision. Available with all Point Blank Level IIIA side-opening ballistic systems and rigorously tested to endure the rigors of training, the ASSAULT-ONE offers the ultimate combination of protection, functionality and performance.

Enhanced shooter design

AVAILABLE WITH THORSHIELD

Dual Kangaroo pockets

COMPLIANT
BALLISTICS AVAILABLE

FEATURES

- » Side-opening construction with enhanced adjustability at the waist
- » Self-Suspending Ballistic System™ keeps ballistic panels in place
- » Internal elastic cummerbund to ensure a close and comfortable fit for load bearing support
- » Contoured chest construction designed to enhance shooter accuracy and eliminate “hugging a barrel” effect when shooting on the move
- » True “A” frame drag strap
- » Hidden, dual front “kangaroo” pockets, capable of securing AR-15, M16 or similar magazines
- » Integrated plate retention system provides greater stabilization and even weight distribution
- » Front and back top loading plate pocket system accommodates 8” x 10” or 10” x 12” hard armor plates
- » Side plate pocket system accommodates 5” x 8” plates for additional side trauma protection
- » Maximum MOLLE Compatible Load Bearing Webbing System

POINT BLANK INTERNATIONAL

SPECIALLY DESIGNED TO MEET GLOBAL NEEDS

The Point Blank International is specially designed to meet global needs for a dual-functioning carrier which incorporates the contoured shape of a concealable vest which can also be worn externally as a tactical vest. This extremely versatile body armor system offers optimum adjustability with instant rifle protection by inserting hard armor plates in the front and back, easy access pockets. The result – maximum protection and total comfort at an exceptional value.

FEATURES

- » Side opening design with ballistic overlap provides greater adjustability and protective coverage
- » Back to front adjustable side opening
- » Shoulder option designed to add removable ballistic protection or foam inserts for comfort
- » Bellowed plate pockets included on front and back of outer shell which allow for consistent, comfortable fit when ballistic panels are inserted
- » Removable ID patches
- » Internal cummerbund for adjustability
- » Heavy duty reinforced A-frame construction “man down” strap

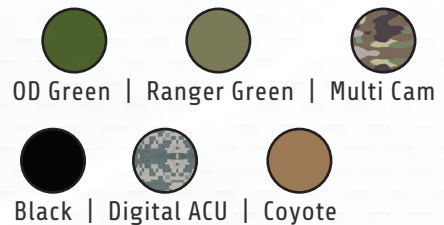

Internal cummerbund

Adjustable shoulders

MOLLE compatible webbing system in the front and rear

AVAILABLE WITH THORSHIELD
