 1. Inspect roofs of State-owned or leased buildings and those being considered for lease or purchase and provide written reports of conditions encountered. The reports shall include:

Specifically, for asbestos content, the Consultant shall take three samples of each homogeneous area and submit them for analysis to a laboratory approved for asbestos analysis by the Department of Public Health, including, if directed, a laboratory under contract with the State. For general roof conditions, size, configuration, and condition will determine the number of samples to be taken. When samples are taken, a suitable, long term repair shall be applied.

Upon completion of construction of the project, the Consultant shall submit a revised electronic copy utilizing the most recently recognized format of the National CAD Standard basic format to reflect as-built conditions. All AutoCAD documentation related to a project shall be of a single media type. All the work called for in this paragraph shall be provided by the Consultant at no additional cost to the State.

3. DESIGN SERVICES WHEN AUTHORIZED IN WRITING

a. Schematic Design Phase

Pursuant to conferences with the State, designs shall be prepared by the Consultant to encompass the general program of the project. These designs shall consist of small scale drawings, elevations, sections and outline specifications. All specifications shall be prepared in accordance with the Construction Specifications Institute (CSI) format. At this time the Consultant shall make sufficiently accurate estimates to determine the feasibility of constructing the project within the funds available. At the beginning of the schematic design phase, the Consultant shall engage its consultants as set forth in Section J below. The Consultant shall submit for review and approval the number of sets of drawings, specifications and detailed cost estimates as indicated in the specific task letter.

While preparing such drawings, specifications and detailed cost estimates, the Consultant shall investigate any factors that may conflict with completing the project as proposed, and shall report its findings thereon to the State when submitting schematic design phase drawings, outline specifications and detailed cost estimates.

If the estimate agreed to by the State and Consultant exceeds the total construction budget noted in the task letter, or if the State and Consultant cannot agree upon an estimate of the probable construction cost and the probable cost of construction as determined by the State exceeds both the Consultant's estimate and the total construction budget noted in the task letter, then the Consultant shall make appropriate recommendations to the State for adjustments to the documents in regards to the project's scope, quality, or budget. At that time, the State shall have the right to require the Consultant to modify the documents as the State deems necessary to bring the cost within the amount of the total construction budget noted in the task letter. The revisions shall be made without additional compensation to the Consultant.

b. Design Development Phase

The Consultant must receive written notice from the State to proceed with the design development phase before commencing the phase. The design development phase drawings shall show the extent of the site, location of the project on the site and the general disposition of the principal features and equipment embodied in the project, and shall be sufficiently developed so as to fix and illustrate the size and character of the project in all of its essential basic particulars as to kinds of materials, types of structure, and mechanical and electrical systems. All specifications shall be prepared in accordance with the CSI format. The Consultant shall submit for review and approval the number of sets of drawings, specifications and detailed cost estimates as indicated in the task letter.

Submitted with the design development phase drawings and specifications shall be an estimate of the cost of construction predicated on the same, and broken down into the major sub-trades for the construction of the building, with separate figures for special items such as equipment, site work, and utility lines. Basic engineering and other drawings and specifications shall also be provided at this time by the engineers and other consultants working under the direction of the Consultant.

If the estimate agreed to by the State and Consultant exceeds the total construction budget noted in the task letter, or if the State and Consultant cannot agree upon an estimate of the probable construction cost and

the probable cost of construction as determined by the State exceeds both the Consultant's estimate and the total construction budget noted in the task letter, then the Consultant shall make appropriate recommendations to the State for adjustments to the documents in regards to the project's scope, quality, or budget. At that time, the State shall have the right to require the Consultant to modify the documents as the State deems necessary to bring the cost within the amount of the total construction budget noted in the task letter. The revisions shall be made without additional compensation to the Consultant.

As the drawings submitted during this phase are to form the basis of the whole concept of the project, they shall be reviewed by the State for conformance to functional and technical requirements of the project and approved by the State before the Consultant proceeds to the next phase. It is understood, however, that such review and approval does not relieve the Consultant from any responsibility arising out of the State's reliance on its professional skill and ability to discharge its services as required by this contract.

c. Contract Documents Phase

The Consultant must receive written notice from the State to proceed with the contract documents phase before commencing the phase. The documents to be provided in this phase are a part of the construction contract and as such must explain in substantial detail the full scope of the work included in, and performed under, the construction contract. A final detailed estimate of the cost of construction, including unit prices, quantities, labor and materials, predicated on the contract documents phase drawings and detailed specifications, shall be included as a part of this phase. All specifications shall be prepared in accordance with the CSI format and in accordance with Part II of Chapter 60 of the Connecticut General Statutes, as revised, when applicable. The Consultant shall submit for review and approval the number of sets of drawings, specifications and detailed cost estimates as indicated in the task letter. Such review and approval by the State does not relieve the Consultant of responsibility arising out of the State's reliance on its professional skill and ability to discharge its services as required by the contract.

All original final tracings shall, together with the specifications typed in letter quality print on one side of 8 1/2" x 11" white bond paper, be submitted by the Consultant prior to the State's going to bid.

When the Consultant has incorporated all comments and the documents are ready for bidding, the Consultant will submit the tracings, master specifications, and a CD ROM disk of both to DAS. This submission will conclude the contract documents phase of the contract.

d. Bidding Process

In the event the Department of Administrative Services bids the contract drawings and specifications, the Consultant shall, as part of the design services to be rendered for its established fee, include as much of its professional services as the State deems necessary for the well-being of the project and the efficient prosecution of the bidding process.

4. Consultant's Duties During Construction

If the Consultant's services during construction are requested, the Consultant shall, as part of the services to be rendered for its established fee, include as much of its professional services and the services of its consultants as the State deems necessary for the well-being of the project and efficient prosecution of the construction work. The Consultant shall not, however, be required to undertake continuous on-site observation of the work. If the Consultant fails to perform such duties in a conscientious and reasonable manner, the State may exercise its right to terminate this contract as hereinafter provided in Section R.

Additionally, it is understood and agreed to by the Consultant and the State that, should the Consultant's services during construction be requested, such services shall include, but not be limited to, the following:

- a. observe the progress of construction in order to determine whether there appear to be any defects or deficiencies in the construction work or deviations from the drawings and specifications, including variations from the materials specified and the methods of construction authorized. The Consultant shall not be required to guarantee the performance of the general contractor or his subcontractors;

The Consultant is obligated to immediately notify the DAS project manager, in writing, whenever any work is unsatisfactory, faulty or defective, or does not conform to the contract documents.

- b. attend job meetings as required, at which the Consultant shall, on the basis of its visitations to the site and observations thereon, report on the progress of the work and make recommendations concerning the same;
- c. submit to the Department of Administrative Services, on the fifteenth and last days of each month, in such form as directed by the State, observation-based reports regarding the progress of the work;
- d. examine submittals and furnish recommendations to the State concerning material and equipment, and review and report on the general contractor's proposals in connection with changes in the construction contract. These services are to be performed within five (5) calendar days of receipt of such proposals so as not to delay the work;
- e. review and return partial payment requisitions submitted by the general contractor within three (3) working days of the receipt of such submittals;
- f. review and comment on shop drawings submitted to it for review. This service is to be performed within five (5) working days of the receipt of such submittals unless the Department of Administrative Services assents to written notification of why this cannot be accomplished;
- g. within thirty (30) calendar days after receipt, record on the original final tracings and electronic copies returned to the Consultant after the construction contract award all changes made during the period of construction as furnished and recorded by the general contractor, and, at the Consultant's expense, provide reproducible mylars and updated electronic copies to the State that reflect such changes. The mylars and electronic copies shall become the property of the State;
- h. fully cooperate with the Department of Administrative Services during the progress of the work.

In the event that the time period of the construction contract is exceeded by more than 10% due to no fault of the Consultant, the Consultant may be paid for any additional services required beyond the 10% construction contract time overrun a reasonable fee to be determined by the Commissioner. The question of fault or no fault on the part of the Consultant shall be determined by the Commissioner.

- 5. Provide other roofing consultant services that might become necessary to supplement the work of the DAS personnel.
- C. The Consultant shall notify the DAS, in writing, of any materials that appear to be asbestos, or appear to contain asbestos, encountered on any assignments. All work involving the encapsulation, removal, disposal, etc., of asbestos or asbestos containing material will be performed by an asbestos specialist hired by the State. The Consultant's responsibility will be limited to the identification of those areas in which the appearance of asbestos or asbestos containing material is noted.
 - D. The above-listed services shall be accomplished in accordance with the scope of work indicated in each task letter prepared by the DAS. The Consultant's fee set forth in each task letter will be based on the scope of the work to be determined by the DAS Project Manager after consulting the Consultant. Such letters may be issued at any time during the duration of this contract and shall include a specific time frame for completion of the work assigned. Each task letter shall reference a DAS project number. No work shall be performed until the Consultant receives the approved task letter.
 - E. This contract shall commence with the date this contract was entered into and shall expire on **May 14, 2021**. No new projects may be assigned on or after the expiration date, but all projects assigned prior to the expiration date will be allowed to continue to completion with all the terms and conditions of this contract herein set forth remaining in full force and effect. The term of this contract may be extended in writing by the Commissioner.
 - F. The maximum total cumulative fee allowed the Consultant under this contract shall not exceed **Seven Hundred Fifty Thousand Dollars (\$750,000.00)**. The Consultant shall be entitled to a payment of Ten Dollars (\$10.00) at the termination of this contract if at such time the Consultant has not received any fee under this contract.
 - G. When approximately 75% of the fee set forth in Section F has been expended, the Consultant shall notify the DAS A/E Contracts Administrator in writing of the amount of work completed to that date under this contract. Said notification shall include an itemization of all fees that have been paid to the Consultant pursuant to the work.

H. If for reasons of incomplete scope, complexity, etc., a fixed fee cannot be determined by the Commissioner, the State shall compensate the Consultant for services rendered under this contract on the basis of pre-approved hourly rates for the personnel assigned to perform the services. A pre-approved hourly rate shall not exceed a reasonable rate, as determined by the Commissioner, taking into consideration the skills and experience of the person providing the services. Hourly rate payments shall be made in accordance with the terms and conditions of each task letter. Monthly requests for payment shall be submitted on properly prepared invoice forms with attachments showing actual hours worked, pre-approved hourly rates applied, and any allowable additional direct costs included in the statement. The Consultant shall certify that each amount invoiced is both accurate and commensurate with the work performed for the State under this contract. The State reserves the right to periodically audit the Consultant's financial records. It is specifically understood that these pre-approved hourly rate payments shall only apply for the period of time that the person is actually employed on projects assigned under this contract.

I. The Consultant shall not be reimbursed for per diem expenses or travel expenses.

J. Should the Consultant require the services of registered consultants at any time during the duration of this contract, their names and qualifications shall be submitted to the State for approval. Such consultants shall provide evidence of their competence by affixing their seals on any drawings or specifications prepared by them or under their supervision. The Consultant shall not receive any additional payment from the State in regard to such consultants unless their services relate to hourly-rate assigned work of the Consultant. In such event, the State shall reimburse the Consultant for the cost of such services and, in addition, shall also pay the Consultant ten percent (10%) of such cost, or such other percentage deemed reasonable by the Commissioner, for overhead and profit.

K. If, in the opinion of the State, any special technical service is required that is not usually furnished by the Consultant and that is not included in this contract, either expressed or implied by the nature of the work, then the State shall, in writing, authorize the service and the related cost. The Consultant's selection of the consultant retained in connection therewith is to be submitted for approval. The State shall reimburse the Consultant for the cost of any such services and, in addition, shall also pay the Consultant ten percent (10%) of such cost, or such other percentage deemed reasonable by the Commissioner, for overhead and profit.

It is mutually agreed and understood that all finished and unfinished documentation prepared pursuant to this contract shall become the exclusive property of the State, and that the State shall have the right to immediate possession and use thereof. The State agrees that all such documentation is not to be altered by others and is to be used only in conjunction with the project for which it was prepared unless written consent is obtained from the Consultant. Such consent will not be withheld provided the State agrees that upon any alterations of the Consultant's documents by others, or upon reuse of the documents for any other project, the Consultant will be relieved by the State of any and all responsibility arising out of such alterations or reuse or in connection therewith. The provisions of this section shall survive the termination of this contract and shall thereafter remain in full force and effect.

U. EXECUTIVE ORDERS.

This contract is subject to the provisions of Executive Order No. Three of Governor Thomas J. Meskill, promulgated June 16, 1971, concerning labor employment practices, Executive Order No. Seventeen of Governor Thomas J. Meskill, promulgated February 15, 1973, concerning the listing of employment openings, and Executive Order No. Sixteen of Governor John G. The contract may also be subject to Executive Order No. 14 of Governor M. Jodi Rell, promulgated April 17, 2006, concerning procurement of cleaning products and services and to Executive Order No. 49 of Governor Dannel P. Malloy, promulgated May 22, 2015, mandating disclosure of certain gifts to public employees and contributions to certain candidates for office. If Executive Order No. 14 and/or Executive Order No. 49 are applicable, they are deemed to be incorporated into and are made a part of the contract as if they had been fully set forth in it. At the contractor's request, the Department shall provide a copy of these orders to the contractor.

- V. This contract is subject to the provisions of the Department of Administrative Services' Anti-Harassment Policy ("Policy") and, as such, the contract may be cancelled, terminated, or suspended by the State in the event that the contractor, its employees, contractors, subcontractors, consultants, subconsultants, or vendors engage in behavior prohibited by the provisions of the Policy (a copy of the Policy is available on the DAS website). The contractor agrees to include a copy of the Policy, and the requirement to prevent behavior as defined in such Policy, in all contracts with its contractors, subcontractors, consultants, subconsultants, and vendors.

W. SUMMARY OF STATE ETHICS LAWS.

Pursuant to the requirements of Section 1-101qq of the Connecticut General Statutes, the summary of State ethics laws developed by the State Ethics Commission pursuant to Section 1-81b of the Connecticut General Statutes is

incorporated by reference into and made a part of the contract as if the summary had been fully set forth in the contract.

X. WHISTLEBLOWING

This contract may be subject to the provisions of Section 4-61dd of the Connecticut General Statutes. In accordance with this statute, if an officer, employee or appointing authority of the Consultant takes or threatens to take any personnel action against any employee of the Consultant in retaliation for such employee's disclosure of information to any employee of the contracting state or quasi-public agency or the Auditors of Public Accounts or the Attorney General under the provisions of subsection (a) of such statute, the Consultant shall be liable for a civil penalty of not more than five thousand dollars for each offense, up to a maximum of twenty per cent of the value of this contract. Each violation shall be a separate and distinct offense and in the case of a continuing violation, each calendar day's continuance of the violation shall be deemed to be a separate and distinct offense. The State may request that the Attorney General bring a civil action in the Superior Court for the Judicial District of Hartford to seek imposition and recovery of such civil penalty. In accordance with subsection (f) of such statute, each large state contractor, as defined in the statute, shall post a notice of the provisions of the statute relating to large state contractors in a conspicuous place which is readily available for viewing by the employees of the Consultant.

Y. CONFIDENTIALITY OF DOCUMENTS

1. The Consultant agrees on behalf of the Consultant and the Consultant's principals, employees, agents, heirs, successors and assigns that they shall only utilize drawings, specifications, maps, reports, records or other documents to the extent necessary for the performance of the Consultant's work and duties under this contract. This limitation on use applies to those items produced by the Consultant, as well as to those items received by the Consultant from the Department of Administrative Services, or others in connection with the Consultant's work and duties under this contract.
2. The Consultant further agrees that said drawings, specifications, maps, reports, records and other documents may not be released to any other entity or person except for the sole purpose of the work described in this contract. No other disclosure shall be permitted without the prior written consent of the Department of Administrative Services.
3. The Consultant further agrees that the following provision will be included in its contracts with sub-consultants:

Any and all drawings, specifications, maps, reports, records or other documents associated with the contract work shall only be utilized to the extent necessary for the performance of the work and duties under this contract. Said drawings, specifications, maps, reports, records and other documents may not be released to any other entity or person except for the sole purpose of the work described in this contract. No other disclosure shall be permitted without the prior written consent of the Department of Administrative Services. When any such drawings, specifications, maps, reports, records or other documents are no longer needed, they shall be destroyed.

Z. ANNUAL CERTIFICATION

If the aggregate value of this contract is \$50,000.00 or more, including all amendments and/or commission letters, then the Consultant shall annually submit electronically, on or within two (2) weeks of the anniversary date of the execution of this contract, a completed Gift and Campaign Contribution Certification and notify the DAS Office of Legal Affairs, Policy and Procurement that it has been uploaded. Said certification shall be uploaded on the Department of Administrative Services website. For the purposes of this article, the execution date of the contract shall be the date the Commissioner of DAS signs the contract.

AA. FORUM AND CHOICE OF LAW

The parties deem the contract to have been made in the City of Hartford, State of Connecticut. Both parties agree that it is fair and reasonable for the validity and construction of the contract to be, and it shall be, governed by the laws and court decisions of the State of Connecticut, without giving effect to its principles of

conflicts of laws. To the extent that any immunities provided by Federal law or the laws of the State of Connecticut do not bar an action against the State, and to the extent that these courts are courts of competent jurisdiction, for the purpose of venue, the complaint shall be made returnable to the Judicial District of Hartford only or shall be brought in the United States District Court for the District of Connecticut only, and shall not be transferred to any other court, provided, however, that nothing here constitutes a waiver or compromise of the sovereign immunity of the State of Connecticut. The Consultant waives any objection which it may now have or will have to the laying of venue of any Claims in any forum and further irrevocably submits to such jurisdiction in any suit, action or proceeding.

BB. SOVEREIGN IMMUNITY

The parties acknowledge and agree that nothing in the Solicitation or the contract shall be construed as a modification, compromise or waiver by the State of any rights or defenses of any immunities provided by Federal law or the laws of the State of Connecticut to the State or any of its officers and employees, which they may have had, now have or will have with respect to all matters arising out of the contract. To the extent that this section conflicts with any other section, this section shall govern.

CC. APPROVAL OF THE STATE PROPERTIES REVIEW BOARD

As provided in Connecticut General Statutes Section 4b-23(i), it is essential for the Consultant contracting with the Department of Administrative Services to understand that the approval of the State Properties Review Board must be granted before the Consultant's task can begin. By providing service without a properly executed task letter under this contract, the Consultant accepts the risk that payment will not be made by the State of Connecticut.

For all State contracts, defined in Conn. Gen. Stat. §9-612(g)(1) as having a value in a calendar year of \$50,000 or more, or a combination or series of such agreements or contracts having a value of \$100,000 or more, the authorized signatory to this contract expressly acknowledges receipt of the State Elections Enforcement Commission's notice advising state contractors of state campaign contribution and solicitation prohibitions, and will inform its principals of the contents of the notice, as set forth in "Notice to Executive Branch State Contractors and Prospective State Contractors of Campaign Contribution and Solicitation Limitations," attached as "Attachment."

Except in the case of suspected fraud or other abuse or in the event of an emergency, the State will give the Consultant at least twenty-four (24) hours' notice of any intended inspections or examinations.

- (d) At the State's request, the Consultant shall provide the State with hard copies of or electronic media containing any data or information in the possession or control of the Consultant which pertains to the State's business or this contract.
- (e) The Consultant agrees that it will keep and preserve or cause to be kept and preserved all of its Records until three (3) years after the latter of (i) final payment under this contract, or (ii) the expiration or earlier termination of this contract, as the same may be extended or renewed, and any holdover period.

In accordance with this statute, each contract in excess of two million five hundred thousand dollars between a public agency and a person for the performance of a governmental function shall (a) provide that the public agency is entitled to receive a copy of records and files related to the performance of the governmental function, and (b) indicate that such records and files are subject to FOIA and may be disclosed by the public agency pursuant to FOIA. No request to inspect or copy such records or files shall be valid unless the request is made to the public agency in accordance with FOIA. In addition, no holder or principal of a holder of a valid prequalification certificate, shall make a contribution to (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of State senator or State representative, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee.

On and after January 1, 2011, no state contractor, prospective state contractor, principal of a state contractor or principal of a prospective state contractor, with regard to a state contract or state contract solicitation with or from a state agency in the executive branch or a quasi-public agency or a holder, or principal of a holder of a valid prequalification certificate, shall **knowingly solicit** contributions from the state contractor's or prospective state contractor's employees or from a *subcontractor or principals of the subcontractor* on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of Governor, Lieutenant Governor, Attorney General, State Comptroller, Secretary of the State or State Treasurer, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee.

DUTY TO INFORM

State contractors and prospective state contractors are required to inform their principals of the above prohibitions, as applicable, and the possible penalties and other consequences of any violation thereof.

PENALTIES FOR VIOLATIONS

Contributions or solicitations of contributions made in violation of the above prohibitions may result in the following civil and criminal penalties:

Civil penalties—Up to \$2,000 or twice the amount of the prohibited contribution, whichever is greater, against a principal or a contractor. Any state contractor or prospective state contractor which fails to make reasonable efforts to comply with the provisions requiring notice to its principals of these prohibitions and the possible consequences of their violations may also be subject to civil penalties of up to \$2,000 or twice the amount of the prohibited contributions made by their principals.

Criminal penalties—Any knowing and willful violation of the prohibition is a Class D felony, which may subject the violator to imprisonment of not more than 5 years, or not more than \$5,000 in fines, or both.

CONTRACT CONSEQUENCES

In the case of a state contractor, contributions made or solicited in violation of the above prohibitions may result in the contract being voided.

In the case of a prospective state contractor, contributions made or solicited in violation of the above prohibitions shall result in the contract described in the state contract solicitation not being awarded to the prospective state contractor, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

The State shall not award any other state contract to anyone found in violation of the above prohibitions for a period of one year after the election for which such contribution is made or solicited, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.
