Hartford, CT 06105

RFP CSCU-1908
Date Awarded   June 3, 2019
Date Bid Opened   April 12, 2019

NOTICE OF AWARD

Description

Finance, permit, design, install, operate and maintain a fuel cell system at Southern Connecticut State University, connected behind the West Campus electric meter, at an economic savings relative to the cost of retail electricity supplied via Avangrid (UI)..

Delivery Requirements	**Contract Term**
	20 years

NOTICE TO CONTRACTOR:

This Notice of Award is not an authorization to begin services.

The purpose of this Notice is to outline the Connecticut State Colleges and Universities (CSCU), intent to coordinate and/or enter into a Power Purchase Agreement, to purchase energy generated by the fuel cell system.

This Notice of Award is contingent upon the following: i) Successful application and award of a LREC from Avangrid; ii) successful negotiation of and full execution of Power Purchase Agreement(s); iii) approval of plans for each system by governmental and / or other authorities; iv) proper permitting for each system; v) successful application and completion of utility company interconnection agreement; and vi) any other necessary agreements and / or approvals.

All pricing, all terms and conditions, and levels of service shall be contained within the formal contract document which is the binding contract between the two parties. This award does not guarantee any level of volume of any product, or total dollar amount of business

CONTRACTOR INFORMATION:

Name:	Bloom Energy Corporation
