During the period of attachment, the Letter Order shall be known as an "Attachment" and shall hereinafter be referred to as such.

c) Supplier may supplement the Product Schedule at any time to make additional products, services and related terms available to the State, provided that the effective date of each supplement is stated thereon. Any supplement must be transmitted to the State with a cover letter documenting formal approval of the supplement by a Supplier representative then legally empowered to so act.

nonexclusive and nontransferable. The Department agrees that it shall use its best efforts to prohibit any Licensed Software Deliverable use in a manner, whether directly or indirectly, which would enable the Department's users to use the Licensed Software on any other PU.

h) Notwithstanding the foregoing restrictions on use, the Department may use the Licensed Software Deliverable on another PU or Site in the following circumstances:

- 1) If the Department determines that a designated PU or Site cannot be used because of equipment or software inoperability, or initiation of a disaster recovery test or a disaster recovery event.
- 2) If the Department designated PU is replaced by a Department, said Department may designate a successor PU and use the Deliverable on that PU regardless of speed and performance. Prior to such other use, Department shall give Supplier written notice of such intended use and such other use shall be subject to Supplier's written consent. Such consent shall not be unreasonably withheld or delayed and shall have no cost or charge to the State associated with it.
- 3) If the Department designated PU is removed to another location, the Department may move any Licensed Software Deliverable and supporting materials to that location which physically replaces the original location. Prior to such moving of any such Deliverable and supporting materials, the Department shall give Supplier written notice of such intended movement and such movement shall be subject to Supplier's written consent. Such consent shall not be unreasonably withheld or delayed and shall have no cost or charge to the State associated with it.

i) The Department may make a maximum of five (5) copies of each Licensed Software Deliverable and a maximum of five (5) copies of the user manuals/documentation and supporting materials for each such software Deliverable and shall have no cost or charge to the State associated with the making of these copies. The Department shall maintain an accurate record of the location of such copies at all time and such record shall be available to Supplier. All such copies shall be subject to the terms and conditions of this Agreement.

4. PROJECT ADMINISTRATOR

a) The Department shall designate a Project Administrator, who may be replaced at the sole discretion of the Department. The Project Administrator shall be the sole authority to act for the Department under this Agreement, solely for any Deliverable(s) initially acquired/installed from the Supplier and such sole authority shall continue to be in effect until successful completion of the Warranty Period. Whenever the Department is required, by terms of this Agreement to provide written notice to the Supplier, such notice must be signed by the Project Administrator or, in that individual's absence or inability to act, such notice shall be signed by the Commissioner of the Department.

b) The milestones and deliverables that are defined in the Invoice Schedule will be recognized for the purposes of payment to the Supplier. For each of these milestones and all associated deliverables, the Supplier will submit a standard State invoice.

Page 6 of 32

5. CHANGE ORDERS

a) The Department may at any time, with written notice to Supplier, request changes within the general scope of the Project Implementation Schedule. Such changes shall not be unreasonably denied or delayed by Supplier. Such changes may include modification in the functional requirements and processing procedures. Other changes might involve the correction of system deficiencies after the operations phase has begun, or other changes specifically required by new or amended State laws and regulations. Prior to expiration of any Warranty Period, any changes to the Deliverables(s) that are required due to System deficiencies or if the System does not fully perform in accordance with this Agreement, shall be made by Supplier without charge to the Department or the State. Any investigation that is necessary to determine the source of the problem requiring the change shall be done by Supplier at its sole cost and expense.

b) The written change order request shall be issued by the Department. As soon as possible after Supplier receives a written change order request, but in no event later than fifteen (15) calendar days thereafter, the Supplier shall provide the Department with a written statement that the change has no price impact on the Supplier or that there is a price impact, in which case the statement shall include a description of the price increase or decrease involved in implementing the change. The cost or credit to the Department resulting in a change in the work shall specify the total cost by the number of hours or days times the applicable service rate, itemized by each applicable service rate scale, as specified within the Product Schedule.

c) No change order shall become effective, nor shall there be any change in the Project Implementation Summary, until Supplier's receipt of an applicable Letter Order with an accompanying Purchase Order (CO-94) or Purchase Order Change Notice (CO-95). No employee, officer, or representative of the Department, including the Department Project Administrator, or the Supplier shall circumvent the intent of this section.

6. DELIVERY, INSTALLATION & DEINSTALLATION

a) State shall undertake at its own expense to prepare and make available to Supplier the site of installation of any hardware Deliverable in accordance with Supplier furnished Specifications. If preparation for installation has not been completed, the State shall so notify Supplier as soon as possible but no later than ten (10) days prior to the scheduled hardware Deliverable installation date. If the State installation site requirements do not meet Supplier Specifications, the State shall be charged, at prices in effect at the time of the State's order, for any extra work and ancillary materials required to complete installation.

b) Supplier shall provide such pre-installation and post-installation hardware Deliverable compatibility system surveys, consultation, reference manuals and onsite operational training as to facilitate proper installation and operation of all Deliverables. Additional Supplier assistance, if requested by the State and issued in a Letter Order, shall be furnished at the State expense at Supplier's published rates.

c) Supplier represents and warrants that it shall complete installation of the System in accordance with the Project Implementation Summary.

d) Department ordered System de-installation, relocation and reinstallation of any System previously installed at a Department site or the Department's designated site shall be at Department's expense according to Supplier's prices mutually agreeable to the Parties.

7. DELIVERABLE EVALUATION & ACCEPTANCE

a) Except as may be stipulated within Section 4. PROJECT ADMINISTRATOR, any Deliverable furnished by Supplier under the terms of this Agreement shall be subject to an evaluation and acceptance period at the Department installation site. For a Deliverable installed by Supplier, said period shall commence on the Department work day next following written Supplier notification to the Department that the Deliverable is installed and ready to undergo evaluation and acceptance testing. The evaluation and acceptance testing is defined as successful execution of the final SAT followed by thirty (30) contiguous days of Deliverable performance and Supplier service which satisfies State criteria specified in Section 9. SOFTWARE MAINTENANCE & SUPPORT and Section 10. HARDWARE MAINTENANCE & SUPPORT. For a Deliverable installed by Department, said period shall commence on the Department workday next following receipt of the Deliverable by Department.

b) Should any Deliverable fail to be satisfactory as specified in Subsection 7.a. due to circumstances beyond Supplier's control, the evaluation and acceptance period then shall be immediately reinitiated or rescheduled at a later date upon mutual agreement between Supplier and Department.

c) Successful completion of the Deliverable evaluation and acceptance period shall be determined by Department and verified on State Form SDP-6 "Data Processing Installation/Removal." The license shall be effective commencing on the State's SDP-6 "Acceptance Date" which shall be considered to be the first workday following the successful Deliverable evaluation and acceptance period. The Department agrees to complete any required Supplier acceptance certificate.

d) If the Department does not accept any Deliverable within sixty (60) days of installation, due to the Deliverable being unsatisfactory as specified in Subsection 7.a., the Department may then release the Deliverable to Supplier and be relieved of all financial obligations therefor.

e) Notwithstanding Subsection 7.c., for any Deliverable under this Agreement, the "Acceptance Date" shall mean the first workday following the successful System evaluation and acceptance period.

8. PAYMENTS & CREDITS

a) The Department shall pay charges for Deliverables shown in each Attachment after receipt of the Supplier's properly documented non disputed invoice. Any such charges for a partial month or period shall be prorated. Charges for licenses shall apply starting with the relevant Acceptance Date; charges for associated services shall apply starting with the relevant dates specified in the pertinent Attachments.

b) Payment of Supplier charges for any license term or license maintenance and support term shall entitle the Department to use the Deliverable, free of any usage charges, at the

INFORMATION PROCESSING SYSTEMS AGREEMENT

Agreement Reference No. B-03-018

Page 8 of 32

Department's convenience at any time during the applicable term, excluding the time required for maintenance and support.

c) Supplier may assign any license payments (but not any associated service payments), in whole or in part, upon prior written notice to the Department and compliance with the requirements of the State's Comptroller's Office concerning such assignments. Notwithstanding any such assignment, Supplier agrees that the Department shall quietly have and enjoy use of the Deliverable, free of any repossession or any claims by Supplier or its successors and assigns, subject to the terms and conditions of this Agreement, provided the Department is not in default hereunder. No Deliverable assignment by Supplier shall relieve Supplier of any obligations under this Agreement without prior written Department consent in each such instance.

d) Supplier shall furnish separate invoices for each Letter Order; and each license charge, maintenance and support charge or other charge shall be included as separate line items on such invoices.

e) When the license term specified in the Attachment is less than perpetual, all charges for maintenance and support are included in the periodic license fee.

f) Where the license term specified in the Attachment is perpetual, charges for maintenance and support are as follows:

- 1) If the license fee specified in the Attachment is payable in periodic payments, there shall be no additional charge for maintenance and support during the period for which such periodic payments are payable.
- 2) If the license fee specified in the Attachment is payable in one lump sum, there shall be no additional charge for maintenance and support during the twelve (12) months following the Deliverable Acceptance Date, or during the Warranty Period if applicable.
- 3) For the year after the period for which periodic payments are payable, or twelve (12) months after the Deliverable Acceptance Date or immediately after the Warranty Period if applicable, as the case may be, Supplier shall continue to provide the Department with maintenance and support services provided the Department elects to pay Supplier the applicable maintenance and support charges then in effect.
- 4) For each subsequent year, Supplier's obligation to provide maintenance and support services and Department's obligation to pay the mutually agreeable maintenance and support charges shall be deemed to be automatically renewed unless cancelled in writing by the Department at least thirty (30) days prior to such renewal date.

g) It shall be the responsibility of the Department to pay any charges due hereunder within forty-five days after the receipt of a properly documented non disputed invoice.

h) Failure by the Department to make payment within the forty-five (45) day period after which services have been rendered and an undisputed invoice provided, shall not constitute a default or breach, but rather, shall entitle Supplier to receive interest on the undisputed amount outstanding after said forty-five (45) days in accordance with State of Connecticut statutes.

- i) Notwithstanding this Section 8., Invoices for Deliverables shall be paid as follows:
 - 1) The Department shall pay Supplier within forty-five (45) days after Deliverables have been accepted by the Department and a properly documented non disputed invoice in accordance with the Project Implementation Schedule has been received.
 - 2) There shall be a holdback from the monies that are due for each such deliverable accepted by the State as specified in the Project Implementation Schedule. Such holdback shall be released to Supplier as specified in the Project Implementation Schedule.

9. SOFTWARE MAINTENANCE & SUPPORT

a) After acceptance of any software Deliverable by the Department and subject to the terms, conditions, and charges set forth in this Agreement, Supplier represents and warrants that maintenance and support services for any software Deliverable shall be provided to the Department as follows:

- 1) Supplier shall provide such reasonable and competent assistance as necessary to cause the Deliverable to perform in accordance with applicable portions of the Specifications
- 2) Supplier shall provide Improvements which may be available to Supplier to any Deliverable
- 3) Supplier shall update any Deliverable, if and as required, to cause it to operate under new versions or releases of the operating system(s) specified in the Attachment

b) Maintenance and support services shall be provided by the Supplier on an annual basis and shall automatically renew for successive twelve (12) month periods unless thirty (30) days' prior written notice of termination is provided to the Supplier by the Department before the end of the initial term or any renewal term of maintenance and support services.

c) Supplier shall maintain sufficient and competent Deliverable support services staff to satisfy the Supplier obligations specified herein for any Deliverable.

d) Supplier shall have access to any Deliverable to provide required services thereon subject to Department, State, and Federal laws, policies, and regulations.

e) If any Licensed Software Deliverable becomes not usable due to the computer manufacturer's release and the installation of (1) a new PU operating system or (2) an updated version of the present PU operating system or (3) a change to the present PU operating system and the Supplier is unable to provide changes to the Deliverable to cause it to operate according to Specifications within thirty (30) days of written notification by the Department to Supplier of such failure to operate, any such Deliverable so affected shall have its paid maintenance and support period, periodic-payment license period or limited term license period extended an additional period of time equal to the period of time the Deliverable was not usable. If, after the expiration of thirty (30) days from the date of said notification, the Deliverable remains not usable, then the applicable license may be terminated at the option of said Department without further obligation or liability.

STATE OF CONNECTICUT
INFORMATION PROCESSING SYSTEMS AGREEMENT

Agreement Reference No. B-03-018

f) Supplier shall respond to the Department's telephone requests for technical support relative to any installed software Deliverable as set forth in the Product Schedule. Failure to provide reasonable and competent telephone assistance, in the State's sole determination, as set forth in the Product Schedule shall entitle Department to either credit or reimbursement against current charges payable to the Supplier, for a non-perpetual license in the amount of ten percent (10%) of the Supplier's current license fee for each succeeding four (4) hour period that said reasonable and competent assistance is not provided by Supplier. For a perpetual license, the amount shall be 1/6 times the related annual maintenance and support charge, or two (2) times the related monthly maintenance and support charge, as the case may be, whether payable or not by a Department, for each succeeding four (4) hour period that said reasonable and competent assistance is not provided by Supplier.

10. HARDWARE MAINTENANCE & SUPPORT

a) Department shall be responsible for site work external to, but required for, hardware Deliverable installation and for Supplier maintenance time and material costs of hardware Deliverable repairs necessitated by Department misuse or negligence.

b) Supplier shall only be responsible for the consequences of any hardware Deliverable repairs, adjustments, or modifications performed by Supplier or its authorized representatives, however, this provision does not preclude Supplier granting approval for such performance by persons not representing the Supplier.

c) Supplier shall maintain sufficient installed hardware Deliverable support services staff, replacement hardware Deliverable and ancillary equipment to satisfy the preventive and remedial maintenance requirements and Section 11. SYSTEM RELIABILITY.

d) Supplier shall have access to any hardware Deliverable to provide required service thereon subject to Department, State, and Federal laws, policies, and regulations. Supplier shall maintain an on-site hardware Deliverable log to contain brief descriptions of Department reported problems and the associated remedial or scheduled preventive maintenance services performed on any installed hardware Deliverable.

e) Preventive maintenance shall be provided at a time mutually agreeable to Department and Supplier. Preventive maintenance shall conform to the hardware Deliverable manufacturer's recommended schedules and procedures, and may be performed concurrently with remedial maintenance.

f) Supplier shall arrive at the System site as set forth in the Product Schedule upon receipt of Department request.

STATE OF CONNECTICUT
INFORMATION PROCESSING SYSTEMS AGREEMENT

11. SYSTEM RELIABILITY

a) The reliability, at any point in time, of the System shall be determined by the System's operational capability for productive Department use as configured and installed within the agreed operating environment. Continued acceptability of such System performance reliability shall be based on the Department's experienced rate of recoverable and non-recoverable System operating errors or failures that preclude productive Department use of the System according to the agreed requirements and Supplier operating specifications.

b) The required reliability (Computed % Reliability) for the System during any calendar month is ninety-nine percent and one-half percent (99.5%) uptime availability for aforesaid productive Department use, computed as follows:

$$\text{Computed \% Reliability} = \frac{(\text{Available-Time-per-Month}) - (\text{Downtime-per-Month})}{(\text{Available-Time-per-Month})}$$

with Available-Time-per-Month equated to 24 hours times the number of days in the month, which shall be deemed to correspond to POP during each calendar month and Downtime-per-Month equated to those hours of Available-Time-per-Month during which the Department or any specific site is precluded from aforesaid productive System use.

EXAMPLE:

Given: Available-Time-per-Month was 720 hours.

Downtime-per-Month was 3.60 hours.

$$\text{Then: Computed \% Reliability} = \frac{(720 - 3.60)}{720} = 99.5\%$$

c) A given instance of System downtime shall start after receipt by the Supplier of a bona fide Department service request to remedy any operational System deviation, error, or failure condition(s), and end with documented proof by Supplier to the Department that such System status has been fully restored to the applicable agreed operational specifications and made ready for productive Department use. However, the calculated time period of such an instance of System downtime shall exclude the following periods:

- 1) Any nonproductive System use time caused by the Department or the Department's authorized third party
- 2) Any time during which the Department fails to make the System available for Supplier's remedial service

12. SYSTEM WARRANTIES

a) Supplier represents and warrants that the System shall conform to the terms and conditions of this Agreement and Supplier's proposal, and be free from defects in material and workmanship upon acceptance of the System by the Department and for a minimum period of

STATE OF CONNECTICUT
INFORMATION PROCESSING SYSTEMS AGREEMENT

Agreement Reference No. B-03-018

Page 12 of 32

the Warranty Period. Additionally, during the Warranty Period, Supplier shall modify, adjust, repair and/or replace such Deliverable(s), at no charge to Department, as necessary to maintain ongoing System reliability according to Section 11. SYSTEM RELIABILITY.

b) If the ongoing performance of Supplier maintenance and support of the System or if the System does not conform to Section 11. SYSTEM RELIABILITY, the Department shall give Supplier written notice of performance deficiencies. Supplier shall then have not more than a thirty (30) calendar day period to correct the applicable Deliverable deficiency and restore the functioning of the Deliverable and System to a level of operation that meets or exceeds the requirements of this Agreement. If during the Warranty Period such Deliverable or System performance, or service level, continues to fail to meet these specifications, then the Supplier shall be in material default of this Agreement.

c) In addition to as may otherwise be provided in this Agreement, any material default by the Supplier during the Warranty Period, the State may, by written notice to Supplier signed by the Project Administrator, terminate this Agreement.

13. OTHER WARRANTIES

a) Supplier hereby warrants its ownership and/or licensing rights to the software license Deliverables. Unless stated otherwise in an Attachment, Supplier hereby warrants that a software Deliverable installed by Supplier, or installed by the Department in accordance with Supplier's instructions, shall function according to the Specifications on the Acceptance Date for such Deliverable, and that Supplier shall modify and/or replace such Deliverable as necessary to maintain ongoing reliability according to Section 9. SOFTWARE MAINTENANCE & SUPPORT. This latter warranty shall not apply to any software Deliverable deficiency caused by maintenance by a person other than the Supplier or its representative.

b) If the ongoing performance of the software Deliverable does not conform to the Software Maintenance and Support provisions of the Product Schedule, the Department shall give Supplier written notice of performance deficiencies. Supplier shall then have not more than a ten (10) calendar day cumulative cure period per twelve (12) month period to correct such deficiencies. If the cumulative number of days in a twelve (12) month period is exceeded, and said performance continues to be in nonconformance with the Software Maintenance and Support provisions of the Product Schedule, the State may assess a liquidated damage of \$1,000 each business day and the State at its option may thereupon:

- 1) In addition to the options listed below, if during the Warranty Period, terminate this Agreement in accordance with Subsection 12.c.
- 2) Request Supplier to replace said Deliverable at Supplier's expense with a functional Deliverable or competent service.
- 3) Terminate the Deliverable license or service without Department penalty, further obligation or financial liability. In the event of such termination, the Department shall be entitled to damages according to the following schedule:

a. Termination of a lump-sum payment perpetual license:

Period that terminated Deliverable license has been in effect with Acceptance Date in:

INFORMATION PROCESSING SYSTEMS AGREEMENT

1st - 12th month:	damages in the amount of 100% of license fee paid
13th - 24th month:	damages in the amount of 75% of license fee paid
25th - 36th month:	damages in the amount of 50% of license fee paid
37th month and over:	damages in the amount of 25% of license fee paid

- b. Termination of associated services or a periodic payment license or a lump-sum payment non-perpetual license:

All fees paid by the Department to the Contractor applicable to the period following default shall be refunded to the Department.

- c) The Supplier neither excludes nor modifies the implied warranties of merchantability and fitness for a particular purpose concerning the Deliverables offered under the terms and conditions of this Agreement.

14. PATENT, COPYRIGHT, LICENSE & PROPRIETARY RIGHTS

a) Supplier hereby grants the Department, at no additional cost, rights to copy and use any patented, copyrighted, licensed or proprietary software Deliverable solely in the pursuit of its own business interests. The Department shall promptly affix to any such copy a reproduction of the patent, copyright, license or proprietary rights information notice affixed to the original Deliverable. The Department shall maintain the confidentiality of any such Licensed Software Deliverable consistent with its privileged nature, and shall not divulge the Deliverable or make it available to any third party, except as may be noted elsewhere in this Agreement. This obligation survives termination of this Agreement.

17. RISK OF LOSS & INSURANCE

a) The Department shall not be liable to Supplier for any risk of Deliverable loss or damage while Deliverable is in transit to or from a Department installation site, or while in a Department's possession, except when such loss or damage is due directly to Department negligence.

b) In the event Supplier employees or agents enter premises occupied by or under control of a Department in the performance of their responsibilities, Supplier shall indemnify and hold said Department harmless from and defend it against any loss, cost, damage, expense or liability by reason of tangible property damage or personal injury, of any nature or any kind, caused by the performance or act of commission or omission of said employees or agents. SOFTWARE MAINTENANCE & SUPPORT for the Deliverable. Supplier shall indicate in any prior written consent, which parts of the Deliverable being altered will continue to be subject to Section 9. 2) If Supplier or its successors or assignees discontinues support of the Deliverables for any reason.

b) Supplier shall arrange so that the Department shall have the right at any time to contact the so identified third party and shall also arrange so the Department's audit personnel shall have full and free access to examine any such source code, documentation and written instructions for the purposes of ascertaining the existence of the source code and related documentation and instructions and for the verification of the continued validity of the instructions from the Supplier to the third party to release the source code, documentation and instructions to the Department under the circumstances specified in this section.

Title to any source code released to the State in compliance with this Section 21. shall remain with Supplier and the State shall continue to treat the released materials as valuable and proprietary trade secret information of Supplier in accordance with the terms of this Agreement, which terms shall expressly survive the termination or expiration of this Agreement. The State agrees that any released source code shall be used solely for the business purposes of Department and shall not be disclosed to any third party pursuant to this Agreement.

22. REMEDIES AND LIQUIDATED DAMAGES

22.1. Understanding and Expectations

The Supplier agrees and understands that the Department or the State may pursue contractual remedies for both programmatic and financial noncompliance. The Department, at its discretion, may impose or pursue one or more remedies for each item of noncompliance and will determine sanctions on a case-by-case basis. The Department's pursuit or non-pursuit of a tailored administrative remedy shall not constitute a waiver of any other remedy that the Department may have at law or equity. The remedies described in this Section are directed to the Supplier's timely and responsive performance of the Deliverables.

22.2. Administrative Remedies

a) Supplier responsibility for improvement: The Department expects the Supplier's performance to continuously meet or exceed performance criteria over the term of this Agreement. Accordingly, Supplier shall be responsible for ensuring that performance for a particular activity or result that fails to meet the requirements of the Project Implementation Summary or this Agreement must improve within thirty (30) days of written notice from the Department regarding the deficiency.

b) Notification and interim response: If the Department identifies areas of Supplier performance that fail to meet performance expectations, standards, or schedules, but which, in the determination of the Department, do not result in a material delay in the implementation or operation of the System, the Department will notify Supplier of such deficiency or exception. Supplier shall within three (3) business days of receipt of written notice of such a non-material deficiency, provide the Department Project Manager a written response that

1) Explains the reasons for the deficiency, the Supplier's plan to address or cure the deficiency, and the date and time by which the deficiency will be cured, or

2) If Supplier disagrees with the Department's findings, its reasons for disagreeing with the Department's findings. Supplier's proposed cure of a non-material deficiency is subject to the approval of the Department. Supplier's repeated commission of non-material deficiencies or repeated failure to resolve any such deficiencies may be regarded by the Department as a material deficiency and entitle the Department to pursue any other remedy provided in this Agreement or any other appropriate remedy the Department may have at law or equity.

c) Corrective Action Plan: the Department may require the Supplier to submit to the Department a detailed written plan (the "Corrective Action Plan") to correct or resolve the deficiency. The Corrective Action Plan must provide a detailed explanation of the reasons for the cited deficiency, the Supplier's assessment or diagnosis of the cause, and a specific proposal to cure or resolve the deficiency. The Corrective Action Plan must be submitted within ten (10) business days following the request for the plan by the Department and is subject to approval by the Department, which approval shall not unreasonably be withheld. Notwithstanding the submission and acceptance of a Corrective Action Plan, Supplier remains responsible for achieving all oral and written performance criteria. The acceptance of a Corrective Action Plan under this Section shall not excuse prior substandard performance, relieve Supplier of its duty to comply with performance standards, or prohibit the Department from assessing additional remedies or pursuing other approaches to correct substandard performance.

d) Additional remedies: the Department at its own discretion may impose one or more of the following remedies for each item of noncompliance or sub-standard performance and will determine the scope and schedule of the remedy on a case-by-case basis. Both Parties agree that a state or federal statute, rule, regulation or guideline will prevail over the provisions of this Section unless the statute, rule, regulation, or guidelines can be read together with this Section to give effect to both.

- 1) Corrective Action Plans
- 2) Additional, more detailed, financial, programmatic and/or ad hoc reporting by the Supplier, at no cost to the Department, to address performance issues
- 3) Pass-through of a proportional share of federal disallowances and sanctions/penalties imposed on the State and resulting from the Supplier's performance or non-performance under this Agreement
- 4) Assess liquidated damages pursuant to Section 22.3., below, and deduct such damages against Supplier payments as set-off

The Department will formally notify the Supplier of the imposition of an administrative remedy in accordance with paragraph (b) of this Section. Supplier is required to file a written response to such notification in accordance with paragraph (b) of this Section.

e) Review of administrative remedies: Supplier may request a review of the imposition of the foregoing remedies. Supplier must make the request for review in within ten (10) business days of receipt of written notification of the imposition of a remedy by the Department.

22.3. Liquidated Damages

STATE OF CONNECTICUT
INFORMATION PROCESSING SYSTEMS AGREEMENT

Agreement Reference No. B-03-018

Page 20 of 32

The liquidated damages prescribed in this section are not intended to be in the nature of a penalty, but are intended to be reasonable estimates of the State's projected financial loss and damage resulting from the Supplier's nonperformance, including financial loss as a result of project delays. Accordingly, in the event Supplier fails to perform in accordance with this Agreement, the State may assess liquidated damages as provided in this Section.

a) **Failure to Provide Deliverables:** In the event the Supplier fails to provide Deliverables in accordance with the Project Implementation Summary, the State may assess a liquidated damage of \$1,000 each business day of such failure. Liquidated damages assessed pursuant to this paragraph shall not exceed five percent (5%) of all amounts then currently payable to Supplier, or \$5,000, whichever is greater

b) **Failure to Return to Normal Operating Condition:** In the event the System is not in normal operating condition for reasons other than those constituting Force Majeure, or the introduction of a software virus, and Supplier fails to return the System to normal operating condition, or activate interim manual operations as per the business and technical requirements, within four (4) hours following notification, the Department may assess a liquidated damage of \$1,000 per hour beyond the four (4) hours that the System is not in normal operating condition. If the inoperability of the System is caused by the introduction of a software virus, the damages specified in paragraph (c) of this section shall apply. Liquidated damages assessed pursuant to this paragraph shall not, for any given event where the System is not in normal operating condition, exceed 100% of all amounts then currently payable to Supplier, or \$60,000, whichever is greater

c) **Introduction of Software Virus:** In the event Supplier introduces any software virus into the System or any other Department or state or federal agency system, the Department may assess a liquidated damage of \$5,000 per incident. Should the software virus cause system downtime, failure to return the system to normal operating condition within four (4) hours will result in liquidated damages of \$5,000 per hour beyond the initial four hours. Should a software virus introduced by the Supplier cause any other State system downtime, this shall be considered a separate incident and liquidated damages will be assessed at a rate of \$5,000 per hour of downtime for each State system. Supplier shall additionally bear the cost of all claims, judgments, legal fees, and associated costs due to Supplier negligence, misconduct, security breach or any other cause hereunder that is directly attributable to the Supplier. Liquidated damages assessed pursuant to this paragraph shall not, for each event or incident, exceed 100% of all amounts then currently payable to Supplier, or \$300,000, whichever is greater

d) **Supplier's Responsibility for Substandard Performance:** The Supplier shall be responsible for ensuring that performance for a particular activity or result that falls below the Project Implementation Summary, or this Agreement, must improve within thirty (30) days of the first assessment of liquidated damages for that activity or result. In the event the Supplier's performance continues to be unacceptable following the assessment of a liquidated damage and implementation of a Corrective Action Plan, the Department may in its discretion impose a lump sum liquidated damage of \$10,000 for each month that the Supplier's performance fails to improve. This remedy shall be a separate remedy above and beyond any other remedies the Department may have at law or equity, including Termination.

e) Right to Terminate on Failure to Cure: If the Supplier fails to cure any noncompliance or nonperformance related to an assessment of liquidated damages, within five (5) POP days, the State may terminate this Agreement pursuant to the Termination sections, herein

f) Supplier responsibility for associated costs:

- 1) If the State terminates this Agreement pursuant to this Section, Supplier shall be responsible to the State for all costs incurred by the State that are reasonably attributable to the Supplier's non-compliance or substandard performance, including costs to replace the Supplier and procure related products and services
- 2) Supplier shall bear the cost of all claims, judgments, legal fees, and associated costs due to negligence, misconduct, security breach or any other cause that is directly attributable to the Supplier's performance under this Agreement

g) Cap on damages: Damages imposed pursuant to this Agreement shall not in the aggregate exceed 100% of the Total Project Cost of this Agreement

h) Method of Payment: The State may elect to assess a liquidated damage directly to the Supplier, or it may deduct amounts assessed as liquidated damages as set-off against payments then due to the Supplier or which become due at any time thereafter

23. TERMINATION OF AGREEMENT

This Section 23. TERMINATION OF AGREEMENT shall become effective upon approval of this Agreement and shall survive until successful completion of the Warranty Period. During the time this Section 23. remains in force, this Agreement shall be subject to termination according to the following and as otherwise provided in this Agreement:

a) Mutual Agreement

This Agreement may be terminated by mutual agreement, in writing, of the parties. The effective date of such termination and the responsibilities of the parties shall be set forth as a part of that Agreement.

b) Default by the Supplier

The State may, by written notice to Supplier, signed by the Project Administrator, terminate the Supplier's right to proceed under this Agreement if the Supplier:

- 1) Materially fails to perform the services within the time specified or any extension thereof; or
- 2) So fails to make progress as to materially endanger performance specified in this Agreement in accordance with its terms; or
- 3) Otherwise fails to perform any other material provisions of this Agreement; provided, however, that in such event the State, through the Project Administrator, shall give the Supplier at least thirty (30) days' prior written notice

Termination for default at the option of the State shall be effective thirty (30) days after receipt of such notice, unless the Supplier corrects said failure(s) within thirty (30) days after receipt by the Supplier of such written notice. In the event of such Agreement

termination, the Supplier shall reimburse Department of all monies paid by Department to Supplier under this Agreement and Supplier shall be liable to compensate the Department for any additional costs reasonably incurred by the Department in obtaining such services; provided that the failure to perform under this Agreement which results in termination pursuant to this Subsection 22.b. arises out of cause or causes other than those described in Section 20. FORCE MAJEURE.

c) Termination by the Project Administrator

The Project Administrator, by sixty (60) days' prior written notice to the Supplier, may terminate performance of work under this Agreement, in whole or in part, when it is in the best interest of the Department to do so. In the event of such termination, the Supplier will be compensated by Department for work performed prior to such termination date and for all reasonable costs to which the Supplier has, out of necessity, obligated itself as a result of this Agreement.

24. TERMINATION OF LETTER ORDERS

In addition to as otherwise may be provided in this Agreement, the Department may terminate early and without penalty, and without default on the part of the Supplier, any license or associated service on any Attachment by releasing Supplier from further responsibility to provide the Deliverable, under the following conditions:

a) Termination in the Interest of Department

Upon thirty (30) days' prior written notice to Supplier, a Department may terminate any service and/or applicable Letter Order(s), in whole or in part, when it is in the best interest of the Department to do so. In the event such termination pertains to associated service, the Supplier will be compensated for all work performed prior to and including such termination date.

b) Lack of Continued Funding

Upon ninety (90) days' written notice to Supplier, a Department may terminate any Deliverable license or associated service as of the first day of the period for which sufficient funds to meet its obligations under this Agreement are not appropriated or allocated. The Department shall pay any Deliverable charges due prior to the non-funded period. If the necessary funding becomes available within ninety (90) days of such termination, Department and Supplier agree to resume said license or associated service, upon such funding becoming available, under the terms applicable to such license or associated service just prior to termination, unless such resumption is mutually declined.

Upon the termination of any such Deliverable license, the license and all other rights granted hereunder to the Department shall immediately cease, and said Department shall immediately upon receipt of written request from Supplier:

a) Return the Deliverable to Supplier; and

b) Purge all copies of the Deliverable or any portion thereof from all PU's and from any computer storage medium or device on which the Department has placed Deliverable.

25. GENERAL PROVISIONS

a) Section headings and document titles used in this Agreement are included for convenience only and shall not be used in any substantive interpretation of this Agreement.

b) If any term or condition of this Agreement is decided by a proper authority to be invalid, the remaining provisions of the Agreement shall be unimpaired and the invalid provision shall be replaced by a provision which, being valid, comes closest to the intention underlying the invalid provision.

c) The terms of all Deliverable(s), maintenance service rates/pricing, and associated offerings in this Agreement are equivalent to or better than those for same Supplier offerings to any other state or local government customer under like terms and conditions. If during the life of this Agreement Supplier provides more favorable terms for said offerings to another such customer, this Agreement shall thereupon be deemed amended to provide same to the State.

d) The failure at any time by either party to this Agreement to require performance by the other party of any provision hereof shall not affect in any way the full right to require such performance at any time thereafter. The waiver by either party of a breach of any such provision shall not constitute a waiver of the provision itself, unless such a waiver is expressed in writing and signed by a duly authorized representative of the waiving party.

e) In any case where the consent or approval of either party is required to be obtained under this Agreement, such consent or approval shall not be unreasonably withheld or delayed. No such consent or approval shall be valid unless in writing and signed by a duly authorized representative of that party. Such consent or approval shall apply only to the given instance, and shall not be deemed to be a consent to, or approval of, any subsequent like act or inaction by either party.

f) This Agreement shall be deemed to have been made in the State of Connecticut and shall be governed in all respects by the laws of said State without giving effects to its conflicts of laws provisions.

g) The Department agrees not to remove or destroy any proprietary markings or proprietary legends placed upon or contained within any Deliverable.

h) Except as may be otherwise provided for in this Agreement, the Department shall not assign, mortgage, alter, relocate or give up possession of any lease Deliverable or Licensed Software Deliverable without the prior written consent of Supplier.

i) If the Department desires to obtain a version of the Licensed Software Deliverable that operates under an operating system not specified in the Attachment, Supplier shall provide said Department with the appropriate version of the Deliverable, if available, on a 60-day trial basis without additional charge, provided a Department has paid all applicable maintenance and support charges then due. At the end of the 60-day trial period, a Department must elect one of the following three options:

- 1) Department may retain and continue to use the old version of the Deliverable and return the new version to Supplier and continue to pay the applicable license fee and maintenance and support charge for the old version;

OR

2) Department may retain and use the new version of the Deliverable and return the old version to Supplier, provided that any difference in the applicable license fee and maintenance and support charge for the new version and such fee and charge for the old version is paid or refunded to the appropriate party;

OR

3) Department may retain and use both versions of the Deliverable, provided Department pays Supplier the applicable license fees and maintenance and support charges for both versions of the Deliverable.

j) Supplier covenants and agrees that it will not, without prior written consent from the State, make any reference to the Department or the State in any of Supplier's advertising or news releases.

k) Any Deliverable developed under this Agreement shall be the sole property of the State and the State shall have sole proprietary rights thereto. Supplier acknowledges and agrees that any program, process, equipment, proprietary know-how or other proprietary information or technology (and all associated documentation) that is produced or is the result of Supplier's performance of any work under this Agreement shall be owned solely by the State upon creation and Supplier shall have no rights in such property and Supplier agrees to execute any and all documents or to take any actions which may be necessary to fully effectuate the terms and conditions of this Section.

l) Notwithstanding the foregoing, the State grants Supplier rights to use, sell, distribute and incorporate within Suppliers Deliverable base any and all programs, processes, proprietary know-how and other proprietary information or technology (and all associated documentation) that Supplier produces or that is the direct result of Supplier's performance of any work under this Agreement. Such rights will result in a royalty payment to the State in the amount of 40% of charges attributable to the sale of such portion of programs, processes, proprietary know-how and other proprietary information or technology (and all associated documentation) excepting therefrom any sale between Supplier and any Local, State, Federal Government, including agency or political subdivision thereof to which no charge will apply. This royalty payment will cease on the five-year anniversary date of this Agreement. Supplier will submit to the State an annual report itemizing such charges, if any, and accompanying the report with a check made payable to "Treasurer State of Connecticut" in the amount of the royalty fees due the State. Such report will be sent to the notice address in Section 28. COMMUNICATIONS of this Agreement.
